

## **ROOTS ON THE ROW (2.0) // Nature Based Placemaking**

Roots on the Row is a monthly workshop series led by botanical artist and Salem artist in residence, Maia Mattson. Each month we will be exploring our connection to local ecology through collaborative, nature based art making. Open to all, these workshops will be a time of inquiry and sharing. The series will culminate in a community-created map celebrating the remarkable botany of Salem and the people who are rooted within it.

Studio Hours: 10am-3pm Wednesdays + Thursdays

Workshop Hours: 1am-4pm Saturdays + Sundays

June - December 2022

Maia Mattson is a multimedia artist specializing in botanical installation using local and foraged plants as her primary medium. The focus of her work lies in the intersecting relationships between nature, art, and human impact.
