## **2013 Rules and Regulations**

### **Tender Slip Program**

The Tender Slip Program at McCabe Marina is a program of the City of Salem Park, Recreation, and Community Services. The Director of Park and Recreation Department reserves the rights to review, accept, and reject applications based on conformity to the rules set forth here or based upon a judgment of safety to the applicant or general public.

- If a tender is used to access a craft moored in Salem or Beverly water, the applicant must demonstrate that he/she has satisfied all conditions related to having a mooring in such waters. (I.e.: fees, numbers, and locations per the local harbormasters).
- No boat shall be accepted into the program that exceeds 10 feet in length or 5 feet in beam (width).
- A decal/sticker must be placed on the boat **by a staff person of McCabe Marina** and must be clearly visible on the craft at all times.
- Slips are assigned by allowing last year's slip holders one month to register for the 1<sup>st</sup> registration and vacant spots are then assigned on a 1<sup>st</sup> come 1<sup>st</sup> serve basis thereafter.
- Each participating boat must be in its assigned numbered slip. They should never be in another slip unless it has been successfully disputed through the Park and Recreation Commission.
- Only motor vehicles with attached and applicable sticker passes will be provided free parking.
- No tender may be placed on the rack prior to May 15<sup>th</sup> nor left on the rack after October 15<sup>th</sup>. Any boats left on the rack after the October 15<sup>th</sup> deadline will be moved to storage at \$15.00 a day and a handling charge of \$25.00 will be assessed. Please call us if there is a problem.

**Any tenders not claimed by February 1<sup>st</sup> will be considered abandoned property and sold at auctions to collect storage fees.**

If your tender appears to have been damaged, is not secure, not in the proper location, or is presenting a risk of hazard to others in the program, McCabe Marina staff will attempt to contact you to correct the condition. Failure to respond in a timely manner may require McCabe Marina to remove your boat at which time handling and storage fees will apply.

Although the McCabe Tender Slip Program is designed to offer a considerable margin of safety and protection for your boat, McCabe Marina, The City of Salem, and its employees or assigns, bear no responsibility for the safety or protection of your property. We urge you to be conscientious and prudent while participating in the program.

***The Director of Park, Recreation & Community Services has the right to revoke decal/stickers from those who do not follow the rules set forth. I have read and agree to the 2013 Rules and Regulations of McCabe Marina.***
