**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL
REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Mayor and City Council
City of Salem, Massachusetts
Salem, Massachusetts

We have audited the financial statements of the City of Salem, as of and for the year ended June 30, 2003, and have issued our report thereon dated November 5, 2003. This report was unqualified. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the City of Salem's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of noncompliance that we have reported to management of the City of Salem in a separate letter dated November 5, 2003.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Salem's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting.

Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which, the design or operation of one or more of the internal control components does not reduce to a relatively low level, the risk that misstatements in amount that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted other matters involving the internal control over financial reporting that we have reported to the management of the City of Salem in a separate letter dated November 5, 2003.

This report is intended for the information of the Mayor, City Council, management, federal awarding agencies and pass-through entities. However, this report is a matter of public record and its distribution is not limited.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Mayor and City Council
City of Salem, Massachusetts
Salem, Massachusetts

Compliance

We have audited the compliance of the City of Salem with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2003. The City of Salem's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City of Salem's management. Our responsibility is to express an opinion on the City of Salem's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Salem's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City of Salem's compliance with those requirements.

In our opinion, the City of Salem complied, in all material aspects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2003.

Internal Control Over Compliance

The management of the City of Salem is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City of Salem's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Expenditure of Federal Awards

We have audited the financial statements of the City of Salem as of and for the year ended June 30, 2003, and have issued our report thereon dated November 5, 2003. Our audit was performed for the purpose of forming an opinion on the basic financial statements of the City of Salem taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the audit committee, management, Board of Selectmen, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

A. Scope of Audit

The City of Salem is a governmental agency established by the laws of the Commonwealth of Massachusetts.

All operations related to the City of Salem's federal grant programs are included in the scope of the OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

Compliance testing of all requirements, as described in the Compliance Supplement was performed. The Title I (CFDA# 84.010), Special Education IDEA Cluster (CFDA#s 84.027 and 84.173), National School Lunch Cluster (CFDA#s 10.553, and 10.555), Community Development Block Grant – Entitlement (CFDA# 14.218), Home Investment Partnerships Program (CFDA# 14.239), and Workforce Investment Act (CFDA#s 17.258, 17.259, and 17.260) grants were determined to be major programs.

B. Period Audited

Single audit testing procedures were performed for federal grant transactions during the year ended June 30, 2003.

C. Summary of Significant Accounting Policies

Accounting policies and financial reporting practices permitted for municipalities in Massachusetts are prescribed by the Uniform Municipal Accounting System (UMAS) promulgated by the Commonwealth of Massachusetts Department of Revenue. The significant accounting principles followed by the City are as follows:

Basis of Presentation -

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant transactions of the City of Salem, although some of these programs may be supplemented with state and other revenue, only federal activity is shown. The receipts, proceeds for federal grants, and disbursements are recorded on the modified accrual basis whereby revenue is recognized when it becomes available and measurable and expenditures are recognized when the liability is incurred. The activities of these programs are reflected in the basic financial statements in the Special Revenue Fund.
