## Meeting Agenda

### Call Meeting to Order

**Invited Guests:** Mayor Kimberley Driscoll

### Roll Call:

1. **Canal St. Multi-Use Path Project** – Discuss the changes made to the design and construction for the Canal St. multi-use path.
2. **Algonquin Gas Pipeline, Szetela Ln/Fort Ave Parcel Path Project** – Discuss the potential to repair the Collins Cove path as well as connecting the path across Szetela Ln., through the undeveloped City-owned parcel where the gas line is going, across Fort and through Beattie Park so it connects with Derby St. Since the City has an agreement with Algonquin, discuss the SBAC's role in how the new path through the parcel can connect to existing paths at Collins Cove and Beattie Park.

Algonquin gas has begun work to dig through the parcel for the line and as part of the agreement with the City there will be a path through that property.

3. **Bicycling Advisory Committee's Role as a Mayor's Committee** – Members of the Committee have requested a discussion with the Mayor to fully understand their role in the City.
