Honorable Salem City Council  
 Salem City Hall  
 Salem, Massachusetts 01970

Ladies and Gentlemen of the City Council:

Each year the City Council must vote to set the residential tax factor and thereby set the tax rate for the fiscal year. In Massachusetts, Proposition 2 ½ caps new property taxes at no more than 2.5% of the previous year's levy. This year, the tax rate – \$13.25 for residential, a reduction in the residential tax rate by 4.0%, and \$26.31 for commercial, a reduction in the commercial tax rate by 4.7% – is once again under the City's allowable levy limit, with excess levy capacity of about \$6.6 million, a 41% increase over last year's figure and the largest amount ever, which is a strong validation of our City's responsible approach to budgeting and managing public finances. We continue to maintain a generally low tax bill increase over time, as well, with the average increase over the last 10 years for the average single-family taxpayer in Salem coming in at a reasonable 3.0% per year.

Based on the rates above, the change in the average single-family tax bill will be \$97 (1.6%), the average condominium unit change will be \$148 (3.3%), the average two-family change will be \$175 (5.1%) per unit, the average three-family change will be \$126 (4.8%) per unit. Given the range of commercial properties in Salem, from small shops to hotels to large office complexes, it is hard to identify a truly "average commercial property," however the average commercial property tax bill will see a reduction of \$168 (-0.8%). The discrepancy between commercial and residential rate impacts is due in large measure to the rapid growth of residential values in Salem, which is occurring at a much faster pace than commercial value growth. Lastly, appropriation orders submitted separately applies receipts reserved and free cash to help hold down the increase in property taxes, reducing the total amount raised by taxation and saving Salem property owners an additional \$2,361,195.

Despite an active housing market increasing values and despite increases in fixed costs for delivering local services by around \$2.2 million this fiscal year, we have managed to keep tax increases relatively low. The reason for this is simple: growth matters. As we grow our tax base, we have been able to successfully distribute the burden of funding critical local services to more taxpayers, alleviating the burden on existing property owners. This is why – in addition to the housing need and the desire to create good, local jobs – it is so very important we consider new growth opportunities with an open mind and strategic approach. We cannot cut our way to stabilized taxes or better services; we can, however, broaden the size of the base that funds our local government, thereby stabilizing taxes and improving services. FY2022 once again demonstrates that exact strategy at work.

**CITY OF SALEM**  
**DECEMBER 1, 2021**  
**CITY COUNCIL REGULAR MEETING**

**MAYOR'S INFORMATIONAL PAGE**

We always strive to manage the overall tax burden on our City's homeowners and I am proud that we have never needed or sought a Proposition 2 ½ override. We seek efficiencies and opportunities for regionalization or streamlining. We look to technology and performance improvement strategies to reduce the cost of doing business. We shift the cost of government off property taxpayers by pursuing a substantial number of grant opportunities and by looking to tax options that shift those costs to visitors when possible, by supporting the development of new hotels, the extension of lodging taxes to short-term rentals, and the responsible growth of the recreational cannabis industry.

The most powerful tool at our disposal, however, is responsible, sensible private development that adds to our tax base. Therefore, we have advocated for the appropriate redevelopment of sites such as the former courthouses, the vacant power plant property, and other under-utilized and vacant former industrial parcels. **I am extremely pleased that certified new growth this fiscal year is a very strong \$2,053,113, exceeding last year's growth of around \$1.6 million.**

We also continue to be pro-active in pursuing grant opportunities whenever they become available. Since the start of my administration in 2006 we have successfully received close to \$200 million in state and federal grants. Just about one-fifth of our revenues is aid from the state, and we still rely on and require a strong state partnership to make much needed infrastructure investments. We also work to have meaningful partnerships with our anchor institutions and non-profits, including our tax agreement and CBA with Footprint, investments in our schools and neighborhoods from SSU, expanded community support from NSMC, and our ongoing push for a nearly two decades' over-due adjustment in our SESD PILOT.

Combined, new growth and pro-actively seeking out grant and non-tax revenue opportunities has reduced the average tax bill increase by roughly half when comparing the last 17 years of this administration to the 17 years prior to that. In the 17 years since I first took office the average bill increase has been just 3.3%, which is nearly half of the average bill increase of 6.4% in the 17 years prior to that.

One of the biggest challenges we continue to face is pressure from increases in fixed costs. Fixed costs for FY2022, such as state charges, health insurance costs, Medicare, worker's compensation, debt payments, and municipal insurance, increased by \$2.2 million over last year.

As we set our tax rate for the current fiscal year, the recommendation is to maintain the CIP split at 1.7, making the residential factor 0.856113.

The vision for our City laid out in our annual budget, and continued with this tax proposal, reflects our collective desire to keep Salem a vibrant, thriving community that delivers quality public services in as efficient and affordable a manner as possible. Upon taking office we faced a \$3.5 million deficit. We spent all our savings just to keep the lights on and were forced to borrow money to pay normal operating expenses. We have worked collaboratively over the years to eliminate prior deficits, improve city finances, and balance our books with an eye on both the needs of today and our aspirations for the future. It has not always been easy. Just as we emerged from those local fiscal trials in 2007 our national economy spiraled into a recession and, just as we were building back from that crisis the current pandemic brought a sharp decline in our economy.

But whatever the cause of our challenges, we weathered them and are today still resiliently positioned for success, with strong growth, a declining unemployment rate, record bond ratings, and award-winning balanced budgets. Our City's bond rating from Standard & Poor's was upgraded eight years ago to AA, the highest in the City's history. In their most recent ratings report the agency cited our financial stability and reasonable budgeting practices in affirming that strong rating. This is validation that Salem's fiscal policies are of the highest standard and that the path we have set for ourselves is the correct one for our community.

I am grateful for our partnership in securing a healthy municipal fiscal environment and recommend adoption of the proposed residential factor which will enable us to finalize property tax rates for this fiscal year. I look forward to discussing this recommendation with you at the December 1<sup>st</sup> tax classification hearing.

Sincerely,

Kimberley Driscoll
