REGULAR MEETING

COMMUNICATIONS FROM CITY OFFICIALS

The following communication from Ben Anderson Chairman, of the Planning Board relative to the Planning Boards recommendation adopting a Zoning Ordinance relative to Marijuana

Section 3.0 Table of Principal use & Accessory Uses

Section 6.0 Special Regulations of the Salem Zoning Ordinance

Section 10.0 Definitions

Report to City Council

December 18, 2017

At its meeting on December 7, 2017 the Planning Board discussed the proposed Zoning Ordinance amendments regarding adding new uses, allowed only by special permit, to Section 3.0, Table of Principal and Accessory Uses for a retail marijuana cultivator within zones B2, B4, Industrial (I) and Business Park Development (BPD), a marijuana product manufacturer within zones I and BPD, a marijuana testing facility within the I zone, and a marijuana retailer within zones B2, B4, I and BPD, and a new use for a marijuana testing facility allowed by right in the B2 and BPD zones; adding new definitions to Section 10.0 for marijuana establishment, marijuana cultivator, marijuana product manufacturer, marijuana testing facility, marijuana retailer, marijuana processing, marijuana manufacturing, marijuana, marijuana accessories and marijuana products; and adding a new Section 6.10 – Special Regulations to provide for the special permit process for marijuana establishments listed in Section 3.0. The Planning Board unanimously voted in favor of recommending that the City Council approve the amendments as modified below:

Sections that are recommended to be approved as proposed are not included in this report. The recommended *modifications* are shown in italics and deletions are shown as strikethrough below. Commentary from the Planning Board is noted in bullets below each modification. The full ordinance with the recommended changes is attached for reference.

JANUARY 11, 2018

REGULAR MEETING

• **COMMUNICATIONS FROM CITY OFFICIALS**

- The Planning Board recommends all marijuana related uses be by special permit and thus recommends changing the testing facility in B1 and BPD to require a special permit by the Board of Appeals. The Board considered cultivator and retail marijuana uses appropriate in the B1 and B5 zoning districts, and does not have any recommended changes for the manufacturing use.

Section 6.0 Special Regulations of the Salem Zoning Ordinance

Section 6.10.6 subsection 5 to be revised: Pursuant to M.G.L. c. 94G, §5(b)(3), a marijuana establishment shall not be located within 500 feet of a pre-existing public or private school providing education in kindergarten or any of grades 1 through 12. ~~A marijuana establishment which is proposing a location within 500 feet of any church, library, institution of higher education, licensed daycare, nursery school, or playground must provide written notice of its intention to these entities prior to or in conjunction with any request for a letter of support or non-opposition and/or the application for a special permit.~~

- Rather than limiting the noticing to specific uses/protecting categories under Section 6.10.6, the Planning Board recommends adding a requirement to Section 6.10.7 that requires a notice to be sent by mail to all abutters within 500-feet. This takes away from the ambiguity of what a park is, and removes the administrative task of keeping an updated list of the uses such as licensed daycares and nursery schools.

Section 6.10.6 subsection 12 to be removed: ~~No marijuana shall be smoked, eaten, or otherwise consumed or ingested within any type of licensed marijuana establishment.~~

- The Planning Board discussed onsite consumption and ultimately determined that onsite consumption should be allowed, thus recommends striking this section. Additionally, if State Law prohibits onsite consumption this section is moot, thus does not need to be included in this ordinance.

Section 6.10.7 to be revised: If a Special Permit is required by Section 3.0 Table of Principle and Accessory Uses of the Zoning Ordinance, the petitioner (Applicant) shall submit a standard petition form and materials of the Zoning Board of Appeals application in addition to the following required materials:

1. *Notice from the City shall be sent by mail, postage prepaid to "parties in interest" as used in MGL Chp. 40A within five hundred (500) feet of the property line of the petitioner as they appear on the most recent applicable tax list.*
 - Massachusetts General Law Chp. 40A Section 11 requires a 300-foot notice to all parties of interest. Adding this section will increase the noticing requirement to 500 feet, and will capture all the uses that were identified under the proposed section 6.10.6 subsection 5. The Planning Board recommends that this notice should be sent by the City, not the petitioner.

Section 6.10.9 subsection 1 to be removed: ~~All marijuana cultivation facilities shall off-set 100% of their electricity consumption through at least 50% of on-site generation facilities, New England based renewable energy credits, and/or an equivalent that is subject to approval of the city.~~

- The Planning Board was concerned that this section would be cost prohibitive. Additionally, given that Salem is a small, dense city the Board is not concerned with the electricity consumption that this use would generate.

COMMUNICATIONS FROM CITY OFFICIALS

Section 6.10.10 subsection 1 to be removed: ~~All marijuana manufacturing facilities shall off set 100% of their electricity consumption through at least 50% of on-site generation facilities, New England based renewable energy credits, and/or an equivalent that is subject to approval of the city.~~

- The Planning Board was concerned that this section would be cost prohibitive. Additionally, given that Salem is a small, dense city the Board is not concerned with the electricity consumption that this use would generate.

Section 10.0. Definitions

Section 10.0 to be revised: "Marijuana retailer"; an entity licensed to purchase and deliver marijuana and marijuana products from marijuana establishments and to deliver *or* sell ~~or otherwise transfer~~ marijuana and marijuana products to marijuana establishments and to consumers.

- The Board determined this is unnecessarily wordy, thus recommended removing "otherwise transfer."

If you have any questions regarding this matter, please feel free to contact Tom Daniel, AICP, Director of Planning & Community Development, at 978-619-5685.

Yours truly,

Ben Anderson, Chair
