**CITY OF SALEM****SEPTEMBER 10, 2020****CITY COUNCIL REGULAR MEETING****MOTIONS, ORDERS AND RESOLUTIONS**

Councillor Dominguez/Dibble

**Whereas**, the City of Salem had and continues to have one of the highest unemployment rates throughout the peak of the COVID pandemic, driven in part by the steadily increasing percentage of Salem jobs being in the restaurant and service industries, many of which pay lower wages, while Salem residents lose opportunities for higher paying clean industry jobs, and

**Whereas**, many Salem residents are distressed by the present local housing crisis, specifically due to an outright lack of adequate Senior Housing and a shortage of low and middle-income affordable housing. Rather than prioritizing correction of these shortcomings, City Hall continues to permit and encourage growing numbers of luxury apartments and luxury condos, built in large part to be occupied by people moving to Salem from Boston and the Boston Area seeking lower costing housing when compared to Boston. This activity results directly in the rapid increases of rents in Salem. Salem's rents are also being increased to mitigate costs of our ever increasing tax bills, and while luxury apartments hurt our tax base, clean industry businesses would help stabilize this issue, and help keep Salem's taxes down and rents down with them.

**ORDERED:** That the Committee on Government Services, Co-posted with the Committee of the Whole meet with Governor Baker's staff, specifically Secretary Kennealy and/or his staff in the Executive Office of Housing and Economic Development for a workshop Secretary Kennealy said he would be happy to provide. This workshop would allow city of Salem staff, City Councillors, Mayor, Zoning Board of Appeals and Planning Board members learn of state programs, available technical assistance, and "tools in the tool box" to educate and assist the city of Salem in

1. **JOBS:** Recruiting clean industry businesses to be located specifically within Salem's Business Park Development (BPD) zoned parcels and within other allowed zones, bringing higher wage jobs to Salem, instead of allowing these properties to be converted into even more luxury apartments, adding still more to the thousands of luxury apartments recently built and planned.
2. **HOUSING:** To promote and assist in the construction of a.) senior housing, b.) low income housing, and c.) truly affordable middle income housing that Salem residents are asking for and need. Some Salem residents would choose to reside within these units as the housing would be closer to and within their financial reach. For many seniors, this provides a reliable mechanism to move out of larger or unneeded homes, making their homes available to younger families.
