

CITY OF SALEM, MASSACHUSETTS

Dominick Pangallo
Office of the Mayor

April 25, 2024

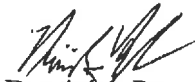

Honorable Salem City Council
Salem City Hall
Salem, Massachusetts 01970

Dear City Councillors:

I reappoint, subject to City Council confirmation, Liza Ruano-Lucey of 7 Freeman Road, to serve on the Affordable Housing Trust Fund Board for a two-year term to expire May 26, 2026.

I recommend confirmation of these reappointments and ask that you join me in thanking them for their continued dedicated service and commitment to our community.

Sincerely,

Dominick Pangallo
Mayor
City of Salem

CITY OF SALEM, MASSACHUSETTS

Dominick Pangallo
Mayor

Office of the Mayor

May 9, 2024

Salem City Council
93 Washington Street
Salem, MA 01970

Dear Councillors,

I am proud to submit for your consideration the proposed FY2025 City budget and the associated ordinances and orders necessary to implement it. Budgets reflect the values and priorities of a community, and Salem's is no exception. In developing the coming year's budget our focus was on advancing the three pillars of the FY2025 Strategic Plan: livability, improving services, and transparency. Focusing on affordability, sustainability and resilience, and equity will help us ensure a more livable and vibrant community for all. We want to provide municipal services, policies, and projects that are forward-looking, open to innovation and new approaches, and delivered efficiently and effectively. And City actions should be open, honest, evidence-based, and inclusive.

The FY2025 proposed budget is \$204,106,637, an increase of 4.1% over the previous year's budget. Most of the budgetary increase is due to increases in fixed costs. Fixed costs on the City side of the budget are increasing in FY2025 by \$3,383,766, exceeding the historical average: excepting the FY2021 pandemic-impacted budget the average increase in fixed costs on the City portion of the budget over the last decade was \$2,612,920. In other words, fixed costs on the City budget are nearly 30% more than the historical average. Fixed costs include health and retirement benefits for employees, debt payments, charges by the state, costs obligated by prior contracts, and utility costs. Many fixed costs have been driven up substantially by inflationary impacts from earlier in FY2024 and while our energy services contract and related sustainability work for City buildings and vehicles have lessened the impact of energy cost spikes (and will hopefully continue to do so), those overall costs have increased. Our largest single fixed-cost increase, however, is in health insurance for our employees, which will go up in FY2025 by \$1,655,721, almost 10% over FY2024. On the School side of the budget, fixed costs are increasing by \$3,156,472. Combined with the City amount, the total increase in fixed costs is \$6,540,238, which represents 81.4% of total budget increase. Put another way, for every dollar the budget increases, around 81-cents of that are from costs that are fixed and must be paid.

This is no doubt a challenging year for Salem and for many communities across Massachusetts. Balanced against these increases in fixed costs, the impacts of inflation, and rapidly increasing cost of personnel to ensure competitive wages and benefits, one-time revenues derived from federal funding related to the pandemic are ending. Salem wisely took steps earlier in FY2024 to mitigate the effects of that to an extent, but we will continue to feel some consequences from it into FY2025, particularly related to pandemic funding for public schools. The proposed FY2025 budget accounts for and manages these changes strategically and without compromising our focus on critical services and programs for our community and for our schools.

While the pressures are significant in this coming fiscal year, along with uncertainties related to local aid from the state – which is not finalized by the legislature at the time this budget is being filed – and the on-going negotiations for new contracts with five of our City’s eight public employee unions, there are reasons for optimism.

A strong local economy has bolstered revenue projections for a number of our local receipts and receipts reserved categories, and we are estimating a conservative, but positive, change in new growth for FY2025. Growth of our tax base is critical to mitigating the impact on existing property taxpayers and must remain a shared priority for City government. For context, our anticipated new growth is just slightly less than the increase in our health insurance costs alone. Without growth, fixed cost increases such as that will fall to existing property taxpayers.

The combination of high interest rates and large federal allocations in City accounts generated healthy levels of investment income in FY2024; while this is not a recurring revenue source, it is aiding us in reducing the impact that would come from abruptly ceasing ARPA and ESSER funded programs as those federal funding sources conclude. Lastly, a debt analysis exercise by the Finance Department has identified opportunities to redirect unused bond authorizations and remaining ARPA dollars to shovel-ready capital projects. That will greatly reduce the amount of borrowing necessary for the FY2025 capital program, helping the City avoid the impact of higher interest rates for debt (even with our record bond rating from Standard & Poor’s reaffirmed earlier this year, overall interest rates remain challenging), reduce future years’ debt payments, and potentially favorably impact water/sewer rates in the years ahead.

The proposed FY2025 budget includes a number of changes and additions worth highlighting. With changes in leadership in three departments – Public Services, Engineering, and Information Technology – those three departments are undertaking minor internal reorganizations. Those new structures are reflected in the Public Services and IT department budgets, but Engineering is still underway and will be revised in the coming months. Public Services and Engineering are accomplishing their reorganizations without any net increase in their personnel costs; IT is shifting some personnel costs to their expense budget through their restructuring. In other words, none of these administrative changes will bring a net increase in the overall City budget.

We are proposing a total addition of four new full-time positions (an increase in full-time personnel of 1.0%) and two new part-time positions an increase in part-time personnel of 1.2% on the City (non-School) portion of the budget. To ensure we are meeting our goal of delivering services equitably, affordably, and efficiently, all of these positions are funded through the

proposed changes to local fees reflected in ordinances filed with this budget or previously filed with you this year, or through anticipated grants.

Department	Position	Revenue Off-Set
Health	Code Enforcement Officer (FT)	Short-term rental fee adjustment (administrative fee)
Inspectional Services	Local Building/Code Enforcement Compliance Inspector (FT)	Permit fee adjustment (enclosed)
Electrical	Journeyman Electrician (FT)	Permit fee adjustment (enclosed)
Finance	Grants Coordinator/Budget Analyst (FT)	Anticipated grants
Solicitor	40U Hearing Officer (PT)	MGL 40U fines
Solicitor	Enforcement Officer (PT)	Public guide fee adjustment (previously filed)

As mentioned above, we are currently negotiating successor contracts with five of our collective bargaining units. As such, there may be additional FY2025 personnel costs that will require a future City Council vote to appropriate. Funding to manage those future costs is being budgeted within the City’s existing Salary Reserve account. That account also carries funds for a forthcoming accomplishment-based salary exercise for exempt employees. There are approximately 166 exempt (that is, non-union) City positions, including department heads. To more objectively ensure we are fairly compensating the employees in these positions, earlier this fiscal year we began a formal compensation study with an outside consultant. The FY2025 budget builds on the early results of that study, which is still on-going, by providing a cost-of-living adjustment and an added incremental adjustment to certain positions to begin moving them closer to a competitive salary range. The final report will outline a long-term classification plan to provide a roadmap for future adjustments to ensure a competitive workforce and improve employee retention, as well as a structure for accomplishment-based increases for exemplary employees. For FY2025, those merit-based increases will be funded out of the Salary Reserve, subject to City Council appropriation in early FY2025. For future years, exempt employee salary adjustments will be structured based on a COLA, the classification plan, and an accomplishment-based review conducted by department heads and the Mayor starting in February, so those changes can be fully reflected in the budget filed with the City Council in May.

Also new in the FY2025 proposed budget is funding to carry out the newly issued Language Access Policy. This policy sets standards for City departments for the translation of public-facing documents into Spanish, which was supported initially by an allocation from our ARPA funding. On an on-going basis, we are proposing to provide stipends to bilingual employees who pass a certification test and provide bilingual translation and interpretation to those contacting departments. This is similar to a policy utilized successfully by Salem Public Schools and we are

proud to be able to extend it to municipal departments now, as well.

Our schools' budget is \$74,592,616, an increase of \$3,438,474 or 4.83%, over the FY2024 school budget. This does not include school-related costs that appear elsewhere in the budget, such as school employee health insurance increases, unemployment costs, and debt for school building projects. It also does not include charter school tuition assessments or our assessment for the Essex North Shore Agricultural and Vocational Technical High School, which are also education-related expenditures by the City. When those factors are included, a substantial amount of Salem's budget is tied to our schools and our students, easily the largest single area of spending. The direct appropriation increase proposed for FY2025, however, \$3,438,474, is 72% more than the average increase over the past decade. The 4.83% boost to the City's appropriation to our schools exceeds the average increase of 3.26% of the previous decade and reflects our commitment to our public schools, our educators, and, most importantly, our students.

The enterprise fund budgets will increase by \$382,654, or 1.88%, over the FY2024 enterprise funds budget, due to increases in assessments for these services and the need for ongoing infrastructure maintenance and upgrades. Ordinances have been submitted to you establishing the water and sewer rates necessary to fund these budgets.

The FY2025 Capital Improvement Plan (CIP) is also included as part of this budget, as are the associated bond orders to fund these capital investments. I am proud that we continue to offer forward-looking capital plan in our budget each year, as a responsible and transparent way of planning for future obligations while meeting present-day needs to best serve Salem residents. The CIP reflects projects across most City departments and our public schools, and is funded through a wide diversity of funding sources, including bonds, short-term capital, grants and rebates, receipts, retained earnings, and more. As outlined above, for FY2025, we have sought to minimize debt costs by leveraging other funding sources for capital projects, in order to reduce future debt payment amounts and ease rate increases for water and sewer users. For example, the proposed FY2025 CIP derives \$8,028,761 from general fund and enterprise fund bonding, which is \$15,353,239 less than the total derived from bonding for the FY2024 CIP. The FY2025 CIP additionally aligns with our on-going energy service plan implementation to improve the sustainability of City facilities. These facts reflect the City's goal of investing in our critical capital needs to ensure a vibrant, resilient, and accessible community, but doing so in a strategic, thoughtful, and efficient manner.

The FY2025 CIP includes a multitude of important new projects, but to highlight just a few:

- Continuation of the smart traffic signal installations at Congress Street, Derby Street, and Hawthorne Boulevard (\$100,000).
- \$2,132,548 in both local and state funds for road paving and sidewalks.
- Continuation of the Boston Street corridor project to advance the design from the current 75% to 100% (\$625,000).
- Efficiency and accessibility projects and repairs to fire stations (\$110,305).
- Replacement of police and fire vehicles (\$426,000).
- An overhaul of the City website to provide easier and more accessible public engagement to critical information (\$70,000).

- \$434,365 for substantial upgrades to wireless and internet service at Collins Middle School and Salem High School.
- New and more efficient lighting and control system in the Salem Public Library (\$54,135).
- New electric vehicle charging stations at the Community Life Center (\$258,000).
- Three new vans for the Council on Aging, including two electric ones (\$65,619).
- Final phase of local funding of \$500,844 for the Salem Willows Pier signature park project.
- \$1,010,000 for the Jefferson Avenue/Willson Street intersection safety project.
- \$325,000 to design safety improvements for the Essex Street/Cambridge Street intersection.
- Improvements and repairs to public property adjacent to Salem Wharf on Blaney Street and the City's deep-water berth, and design phase for the new Ferry Terminal building (\$511,410).
- Phase 2 of the Salem Willows Signature Park Project (\$421,750).
- Phases 2-4 of the Dickson Chapel historic preservation and restoration project (\$350,000).
- Creation of a preservation and management plan for Fort Lee (\$32,000).
- Begin design of a multi-use path network along Highland Avenue (\$40,000).
- Finalize design for the Curtis Park improvement project (\$90,813).
- Advance development goals for Church Street parking lots through public engagement and technical analysis (\$25,000).
- Artist Row roof replacements (\$222,500).
- Phase 2 of the Old Town Hall restoration and renovation project, focused on exterior preservation and improvement work, including additional accessibility and sustainability elements (\$2,000,000).
- \$200,000 for replacement of the emergency backup generator at the Salem Police Department and \$170,000 to replace the one at Witchcraft Heights Elementary School.
- Installation of a Level 1 fast charger for the Salem Police Department's increasing number of electric vehicles (\$217,608) and a second one for other municipal departments utilizing electric vehicles (\$250,000).
- Installation of an emergency speaker system downtown (\$100,000).
- Efficiency and accessibility projects and repairs at the police station (\$360,801).
- Begin installation of permanent street sweeping signage (\$25,000).
- Begin Citywide sidewalk small repair initiative (\$750,000).
- \$500,000 to repair and refresh the Bates Elementary School pre-K playground.
- \$1,764,328 for a variety of efficiency and improvement projects at Salem Public Schools buildings aligned with the City's energy services plan.
- Continuation of public engagement and outreach work related to Resilient Together: El Punto (\$50,000).
- Update to the City's Hazard Mitigation Plan (\$50,000).

Salem should be proud of our record stabilization levels, bond rating, and considerable levy capacity. We have also enjoyed a low average tax bill increase relative to our region. In our budgeting practices, the taxpayers of Salem should be foremost in mind. This budget recognizes

and respects the impact of property taxes on residents. Salem's average tax bill change over the last decade has been well below the average for our region and bolstered by the adoption of as many exemptions and abatements as practical, particularly focused on our neediest taxpayers, including lower income residents, seniors, veterans, and those living with disabilities, as well as through increasing the share of the cost burden being exported to visitors and non-residents through fees and excises. We continue to tax below our allowable levy limit; for FY2025, we will continue to maintain excess levy capacity – in the amount of \$7,816,157 – a further demonstration of our prudence and care with taxpayer dollars.

The financial challenges presented by fixed cost centers and the many externalities pressuring our fiscal conditions are very real and have a very real effect on our budget. Despite those pressures, I am proud that the FY2025 budget maintains our dedication to fiscal responsibility while making important investments to strengthen our community. Our fiscal practices have resulted in not only affirmation of our historic high AA bond rating for the last eleven years in a row, but also our regular receipt – for sixteen years in a row – of recognitions and awards from the Government Finance Officers' Association, a national agency that provides professional guidelines for government budgets and fiscal practices. In its affirmation of the AA bond rating, S&P Global Ratings specifically cited Salem's "strong financial management environment with a focus on long-term financial and capital planning...to support stable finances."

Lastly, another key factor in enhancing our local economy and contributing to new revenues to help meet our budgetary needs are the public and private investments we continue to see in our community. These projects enhance our short- and long-term economic growth, create much needed housing, add to our tax base, and generate jobs. We are projecting the value increase of new growth for FY2025 at \$1 million. That is \$1 million less burden on existing Salem taxpayers. Without responsible new growth we cannot provide the services and improvements that our constituents rightly demand and deserve. Given the reliable increase in fixed costs to the City and the financial challenges of the past year, a reflexively anti-growth position is equivalent to endorsing substantial tax increases on Salem homeowners and reduction in critical City services like public safety, public schools, and public works. With appropriate new growth comes much needed housing, commercial enterprises with jobs, and new revenues to support the needs of Salem taxpayers and the ability of local government to deliver critical services.

In FY2025 we will continue to strive to exceed the service level expectations of our constituents, while simultaneously ensuring fiscal prudence in all expenditures. The mission of City government in Salem is to provide open, honest, and pro-active services effectively and efficiently, focusing on the needs of today, with a vision for the future. To accomplish this, the proposed budget aligns operations with strategic goals and objectives, while maintaining necessary fiscal controls and careful attention to our financial forecasts in our budgeting.

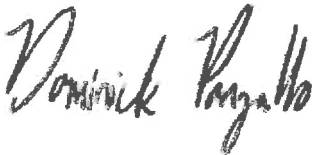

I appreciate the hard work and cooperation our department heads have put into the preparation of this year's budget. I cannot say enough about the efforts made by our Finance Department especially. The department's work ensured that the budget was ready for submission and in compliance with the high standards we set for ourselves pursuant to GFOA Distinguished Budget guidelines. This year the department was tasked with having the budget prepared earlier in May than usual, to afford Councillors as much time as possible to review this important

document. This goal, which the department achieved, put added pressure on the staff in that office and they stepped up to the challenge with incredible professionalism and dedication.

Salem is one of only a handful of Massachusetts communities who annually qualify for both a Certificate of Excellence for our Comprehensive Annual Financial Report and a Distinguished Budget Presentation Award from the GFOA. In furtherance of the GFOA's prioritization of improving transparency in public budgets, we are proud to offer a "Budget in Brief" summary that quickly highlights the most important parts of the FY2025 City budget.

The proposed FY2025 budget represents a strong commitment to the people we are fortunate enough to have been elected to serve. It continues our balanced and responsible approach to City finances. It invests in the critical services that make Salem a vibrant city and one with schools in which we can all take pride – in short, a livable, equitable, and vibrant city, with excellent municipal services and a commitment to transparency. I recommend adoption of the proposed FY2025 budget, CIP, and other associated budgetary measures and I look forward to working with you in the coming days to enact this proposed spending plan to continue ensuring that Salem is a financially strong and professionally administered community.

Sincerely,

City of Salem FY2025 Budget in Brief

July 1, 2024 – June 30, 2025

A City that Works for All

The City of Salem's FY2025 budget lays out an optimistic and forward-looking vision that extends from the City's existing fiscal strength and its commitment to core public services. It is based on the City government's mission statement, **"to provide open, honest, and pro-active services effectively and efficiently, focusing on the needs of today, with a vision for the future."**

The FY2025 budget is centered around **livability, improving services, and transparency**. Focusing on affordability, sustainability and resilience, and equity will help ensure a more livable and vibrant community for all. Municipal services, policies, and projects must be forward-looking, open to innovation and new approaches, and delivered efficiently and effectively. And City actions should be open, honest, evidence-based, and inclusive.

The FY2025 budget builds on the City's strong existing foundation and will help continue to make Salem a City that works for all.

The Budget in Brief...Briefly

A City's budget reflects its values and its vision for the future. More than just a technical compendium of numbers, a budget should tell the story of the community that it serves.

Because the budget is such a centrally important document for understanding a City's values and vision, **Salem consistently strives to find new ways to make its budget accessible, transparent, and more understandable.**

This Brief is intended to provide a key overview of the FY2025 budget. You can find the full FY2025 budget online at salemma.gov/fy25 and send any questions to mayor@salem.com.

Budget Snapshot

Salem has received the **Distinguished Budget Presentation award** from the Government Finance Officers Association for the last 14 years in a row, in recognition of the budget document's clarity and level of detail.

FY2025 Key Priorities - 1

Affordable

- Make Salem a more livable community for people of all means.
- We do this by (1) advancing policies and initiatives to address housing affordability and attainability, (2) strengthening the City's internal efforts on neighborhood stability, safety, and social services, and (3) maintaining and building on sound fiscal practices to deliver City services and projects as efficiently as possible.

Resilient

- Continue commitments to prepare for the climate crisis and lessen our contribution to it.
- We do this by (1) advancing the offshore wind port, (2) investing in projects and programs that meet the goals of the Resilient Together plan, and (3) continuing and expanding efforts to reduce passenger vehicle trips and make alternative methods of transportation safer, ordinances and projects to reduce building emissions, and programs to increase renewable power supply.

FY2025 Key Priorities - 2

Equitable

- Build on Salem's efforts to create a more welcoming and inclusive city for all.
- We do this by (1) supporting the Director of Diversity, Equity, and Inclusion in training City staff, (2) interrogating City policies and programs to ensure they are equitable, and (3) structuring services to serve and support historically under-served populations through engagement and language access.

Forward Looking

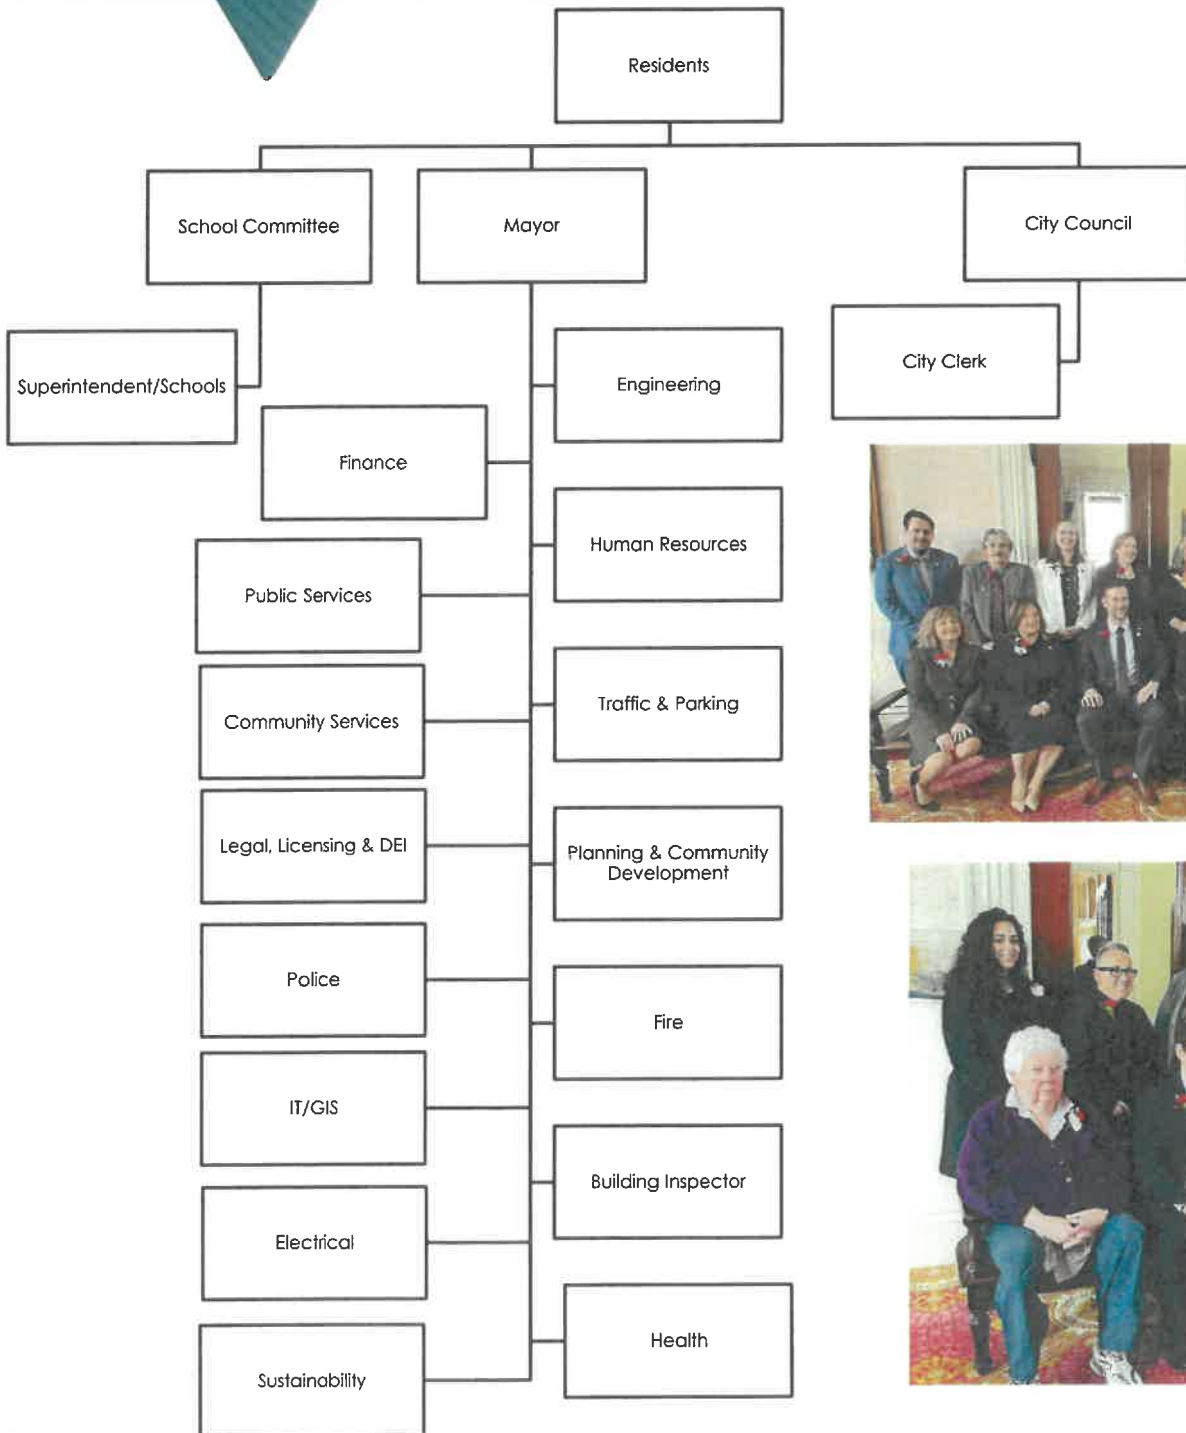

- Instill a long-term and forward-looking vision in the City's plans and actions.
- We do this by (1) remaining focused on capital projects and investments that meet our existing plans and our Salem 400+ goals, (2) aligning department investments with the City and School's strategic plans, and (3) engaging in innovative approaches to service delivery and outreach.

About Salem

- **Population:** 44,722
- **Total employment:** 29,757
- **People who live elsewhere and commute into Salem for work:** approx. 17,000
- **Median household income:** \$79,196
- **Persons in poverty:** 13.9%
- **Median home value:** \$644,680
- **Median condo value:** \$492,579
- **Median rent:** \$2,791
- **Housing units:** 20,349
- **Bachelor's degree or higher:** 48.2%
- **Students in Salem Public Schools:** 3,887
- **Salem High School graduation rate:** 88.1%
- **Economically disadvantaged students:** 64%
- **Non-White students:** 62%
- **Non-White City population:** 23%
- **Speak a language other than English at home:** 21.6%
- **Under 18 years of age:** 15.6%
- **Over 65 years of age:** 16.4%
- **Square miles:** 8.0
- **Road miles:** 115.3
- **Public parks and open spaces:** 43

Structure of Salem's City Government

Forming the Budget

Budget Timeline

- January: Budget message sent by Mayor to Department heads and Superintendent of schools.
- January - February: Department heads develop budget requests.
- March - April: Department heads meet with Mayor to review budgets and capital requests.
- April: School Committee votes on requested budget.
- May: Budget filed with City Council.
- May-June: Council's Administration & Finance Committee holds budget hearings; Council votes on the budget.
- July 1st: New fiscal year begins.
- December: City Council sets tax rate.

Sections of the Budget

- Section 1: Mayor's budget message
- Section 2: Overview of the City of Salem
- Section 3: Overview of the budget
- Section 4: Schools budget
- Section 5: Enterprise Funds budget
- Section 6: Financial forecast, plans, and policies
- Section 7: Capital plan
- Section 8: Department budgets

Budget Snapshot

An **enterprise fund** is a separate accounting mechanism for services for which a fee is charged by the City and for which the revenues and spending are not comingled with the general budget. Salem has four enterprise funds: water, sewer, trash, and cable access.

What's the Budget based on?

The budget in Salem is shaped by six sources of information:

1. Department requests aligned with objectives and the City and Schools' strategic plans.
2. Mayor and City Council priorities reviewed at the annual strategic planning retreat and throughout the year.
3. School Committee requested budget based on Superintendent and district input.
4. Resident feedback gathered throughout the year.
5. Existing plans →
6. Fixed costs.

Some Existing Plans that Shape the FY2025 Budget

- Imagine Salem
- Open Space & Recreation Plan Update
- Race Equity Task Force Plan
- Salem for All Ages Action Plan
- Resilient Together Climate Action Plan
- Pavement Management Plan
- Salem Public Schools Strategic Plan
- Historic Preservation Plan
- Emergency Management Plan
- Housing Roadmap
- Bicycling Master Plan
- Public Art Master Plan
- School Facilities Master Plan
- Energy Services Audit
- Hazard Mitigation Plan

Revenues for Salem's Budget - 1

○ Property Taxes

- The amount raised by property taxes cannot increase over the previous year's amount by more than 2.5% plus the amount of new growth.
- To do so requires a "Proposition 2-1/2 override" vote by the community, which Salem has never needed.
- If the amount that is raised in property taxes is less than the amount that can be raised, the community has "excess levy capacity," which is seen as a measure of fiscal health. Salem's excess levy capacity in FY2025 will be \$7.8 million, which is considered strong.
- The more new growth a community has, the less it must rely on taxes from existing taxpayers.

○ Local Receipts

Salem has nearly 20 different types of local receipts, which include things like motor vehicle excise, meals excise, license and permit fees, and so forth.

○ Enterprise Funds Revenues

These are payments made by users of enterprise services (water, sewer, trash). Some communities do not include enterprise fund revenues and expenditures in their budget document, however Salem does so to ensure greater transparency.

○ State Aid

The largest category of state aid is for schools, however there are other smaller categories of state funding that the City receives, as well.

○ Other

Salem uses excess receipts from City programs like the Witch House and Golf Course to help fund the budget and reduce the amount that must be raised through property taxes.

Revenues for Salem's Budget - 2

Budget Snapshot

By law, Salem's City budget must be **balanced**. That means that the planned expenditures must be equal to the anticipated revenues. Financial forecasting and revenue projections help estimate what the expected funds will be for the coming year.

Where your tax dollars go

The FY2025 budget totals \$204,106,637, a 4.1% increase over last year's. The City budget is increasing 4.1%, the Schools budget is increasing 4.8%, and the Enterprise Funds budget is increasing 1.9%.

Fixed Costs in Salem's Budget

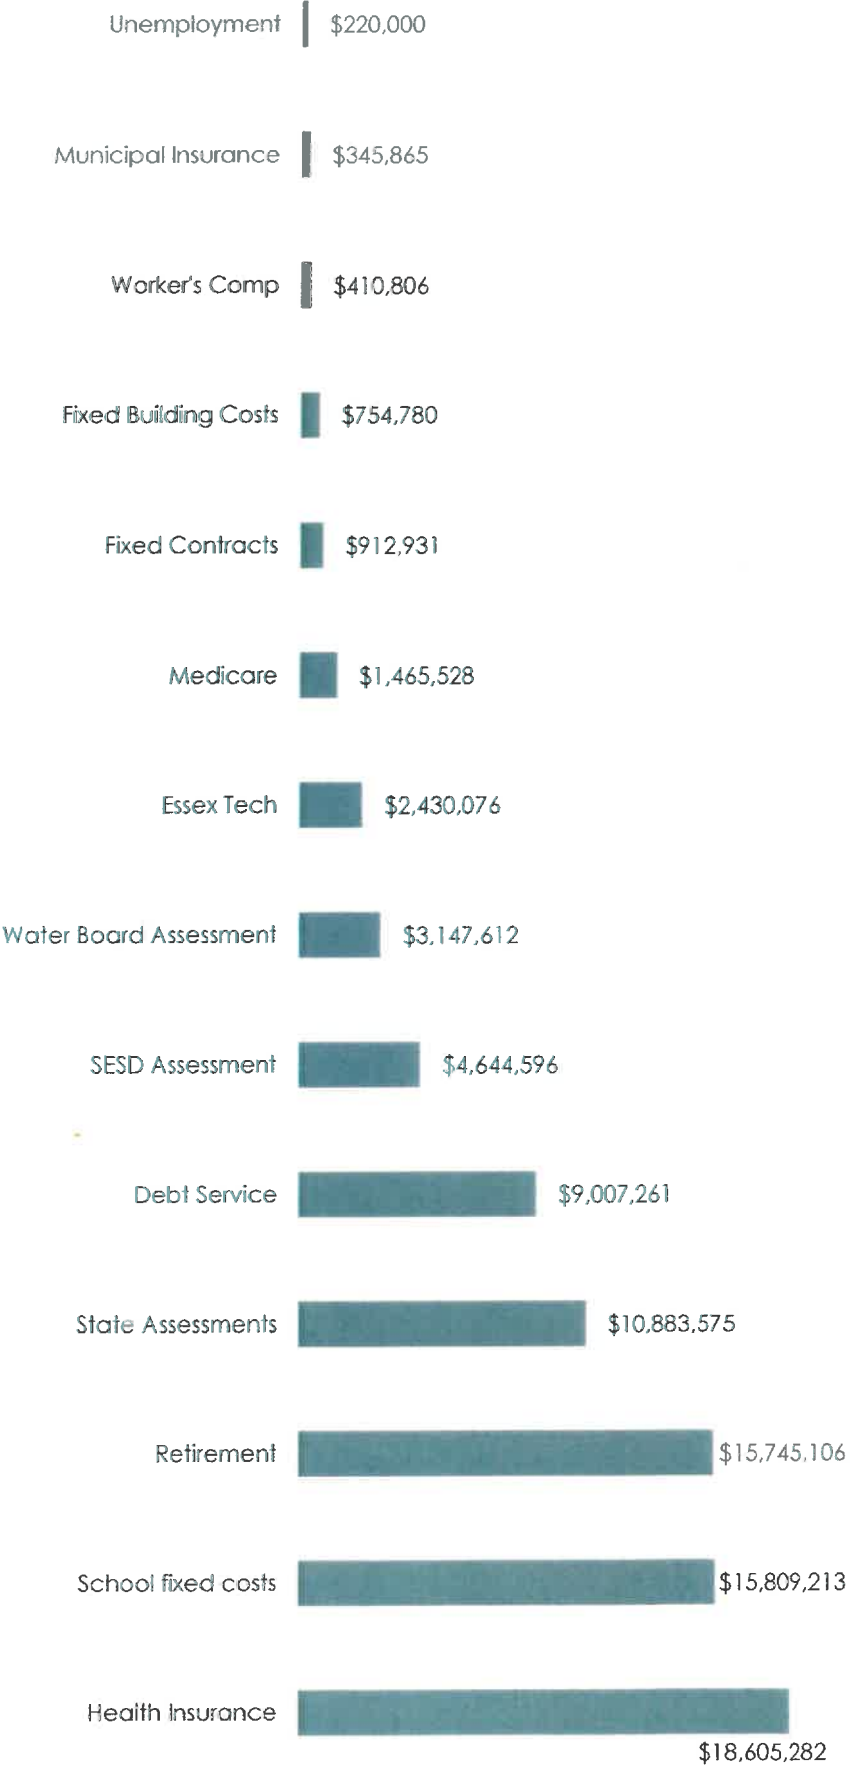

Fixed costs include debt service, retirement, insurance, and health insurance charges, assessments by the state and other governmental bodies, and contractually required payments. These costs are "fixed" because the City does not have discretion to reduce them.

Fixed costs comprise roughly \$84 million, which is 41% of the City's total budget – in other words, about \$0.41 of every \$1 spent in the budget is on a fixed cost.

In FY2025, changes in fixed costs account for about 81% of the budget's overall increase over the previous fiscal year, the largest amount in over a decade.

FY25 Fixed Costs

FY2025 Salem Schools Budget

For FY2025, Salem's school budget is \$80,158,896. This does not include school-related costs that are carried on the "City side" of the budget, like school building project debt, health insurance for teachers and other school employees, and so forth.

Expenses
26%

Salem Prep 1%

New Liberty 2%

ECC 3%

Horace Mann 4%

Carlton 4%

Bentley 4%

Bates 5%

Saltonstall 6%

Witchcraft Heights 7%

Collins Middle School 9%

Salem High School 18%

Districtwide Supports 38%

Budget Snapshot

Around 64 cents of every \$1 Salem spends on schools comes from taxes. The next largest source of **school funding** is state aid, which comprises about 27 cents of every \$1. Over the previous decade, the City's appropriation for Salem's schools increased an average of 3.1% per year, but in FY25 it will increase by 4.8%.

FY2025 Capital Budget

The capital plan section of the budget, Section 7, outlines capital expenditures for FY2025, as well as those planned for future years, how they are being paid for (borrowing, receipts, grants, etc.), and what their long-term impact is projected to be on the regular budget.

Capital Project Highlights

- Signature Park projects
- Boston Street design
- Police/Fire/DPW vehicles
- ADA upgrades
- Road paving and sidewalks
- EV charging stations
- Historic preservation work
- Willows Pier & Ferry Terminal
- Artists Row & Old Town Hall
- Playground upgrades
- Building energy efficiencies
- Stormwater system improvements
- Coastal resilience
- New City website
- Water system upgrades
- Trails and safe streets projects

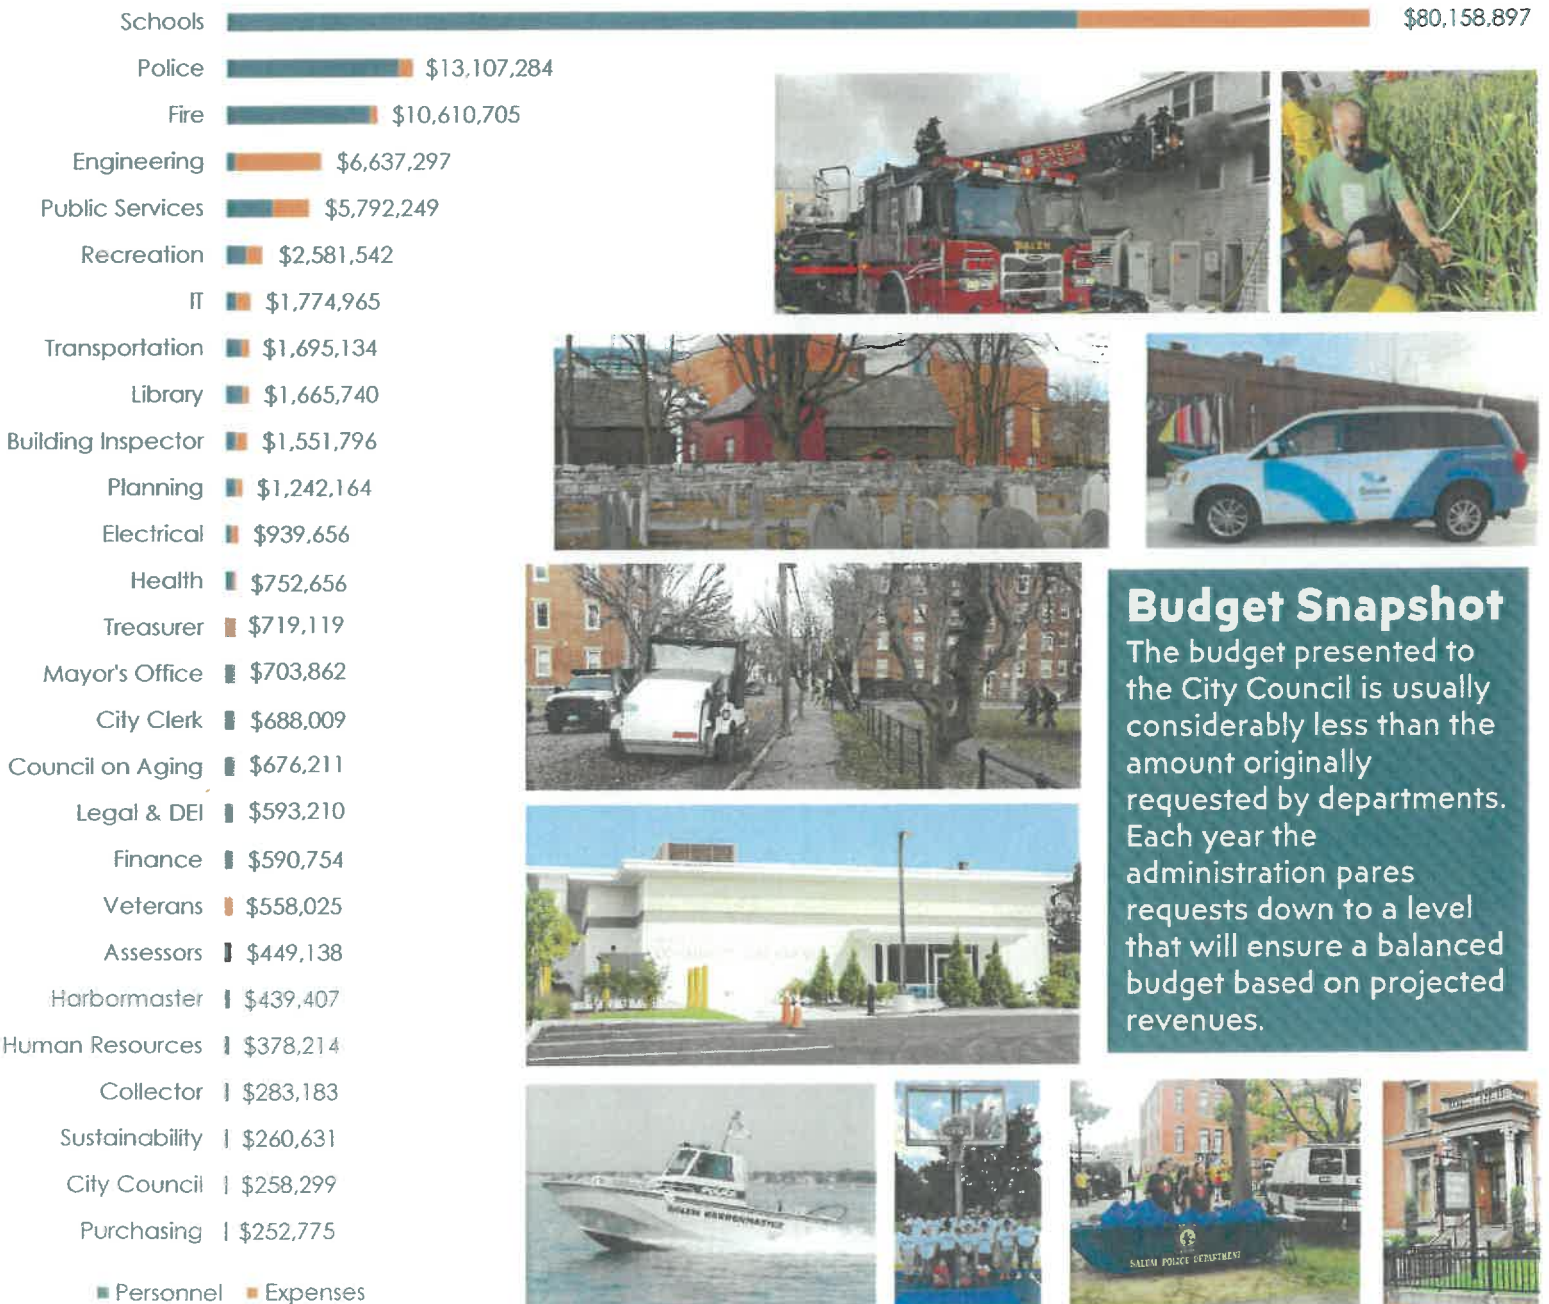

Budget Snapshot

Capital are tangible assets or projects with a value of \$25,000 or more and a depreciable life of 5 or more years.

Capital projects and equipment are largely funded from **bonds** (borrowing). General capital bonds are paid by tax dollars and water/sewer capital bonds are paid by water and sewer ratepayers. Salem currently has its highest bond rating in its history, meaning its interest rates for capital debt is low. This is counterbalanced, however, by rising inflation and material costs.

FY2025 Departmental Budgets

Budget Snapshot
 The budget presented to the City Council is usually considerably less than the amount originally requested by departments. Each year the administration pares requests down to a level that will ensure a balanced budget based on projected revenues.

Salem City Council
93 Washington Street
Salem, MA 01970

Dear Councillors,

Enclosed please find supporting Orders and Ordinances necessary for the adoption of the FY2025 City budget. These items include:

1. Council Order appropriating from short-term capital.
2. Council Order appropriating from free cash.
3. Council Order appropriating from Water/Sewer retained earnings.
4. Council Order appropriating from PEG Access retained earnings.
5. Council Order appropriating from Golf Course receipts.
6. Council Order establishing the Charlotte Forten Park Revolving Fund.
7. Council Order authorizing the revolving funds.
8. Bond Order for general fund capital.
9. Bond Order for water/sewer capital.
10. Ordinance for water rate.
11. Ordinance for sewer rate.
12. Ordinance for solid waste fees.
13. Ordinance for Building Inspector fees.
14. Ordinance for Electrical Department fees.
15. Ordinance for bulk item pick-up fee.
16. Ordinance for Fire Prevention fees.

One or two additional items are anticipated to be ready for filing for the May 23, 2024, City Council meeting. I recommend adoption of the enclosed Orders and Ordinances as part of the FY2025 budget process and welcome questions you may have regarding them during the forthcoming Administration and Finance Committee meetings.

Sincerely,

Dominick Pangallo
Mayor

RE: Revolving Funds

Dear Mayor Pangallo:

Massachusetts General Law Chapter 44 Section 53E ½ allows for a city the annually authorized the use of revolving funds by departments which shall be accounted for separately from all other monies in the city. The revenues collected for each program are credited to individual accounts and the expenditures made from these funds can be made without further appropriation in connection with the program that each revolving fund supports.

The City Council shall vote each year prior to the respective fiscal year for the authorization of such account. Attached is a summary of the revolving funds of the City that lists the department, fund name, fund account number, program and purpose, type of receipt credited, and the maximum dollar spending allowance from each revolving fund.

This annual process is part of the budget process, and, as such, I recommend that we authorize all accounts as listed on the attached council order.

Respectfully yours,

A handwritten signature in blue ink, appearing to read "Anna Freedman".

Anna Freedman
Finance Director

CITY OF SALEM

In City Council,

Ordered:

May 9, 2024

That the City of Salem hereby requests the adoption of a Charlotte Forten Park revolving account in accordance with M.G.L. Chapter 44, Section 53E ½ which authorizes special purpose revolving accounts in accordance with the recommendation of His Honor the Mayor

City of Salem, Massachusetts

Dominick Pangallo, Mayor

Anna Freedman, Finance Director

May 9, 2024

The Honorable Dominick Pangallo
Mayor of Salem
93 Washington Street
Salem, Massachusetts 01970

RE: Establish Charlotte Forten Park Revolving Fund

Dear Mayor Pangallo:

Please find enclosed a proposed order for the City Council's consideration that would create, pursuant to Massachusetts General Law Chapter 44, Section 53E½, a Charlotte Forten Park Revolving Fund for the City of Salem. A revolving fund allows fees, charges or other receipts received in connection with a departmental program or activity to be applied directly, without further appropriation, to support that program or activity.

A departmental revolving fund is suitable in budgeting and providing for special programs or activities where the necessary level of expenditure fluctuates directly in relation to demand, and the demand may prove difficult to predict. For this type of program or activity, a departmental revolving fund offers the flexibility to operate on an "as needed" basis by allowing the department head to apply all receipts directly to program expenses.

Revenues deposited into this Charlotte Forten Park Revolving Fund shall be for programming contracts, vendor fees, and event rentals. As with other revolving funds, the creation of this fund shall be accounted for separately; proceeds deposited into the fund may be used for utility costs and maintenance costs for Charlotte Forten Park.

Sincerely,

Anna Freedman
Finance Director

CITY OF SALEM

In the year Two Thousand and Twenty-Four

An Ordinance to amend an Ordinance relative to Rates for Use of Water

Be it ordained by the City Council of the City of Salem, as follows:

Chapter 46, Section 66 is hereby amended by deleting subparagraph (b) in its entirety and replacing it with the following:

“(b) The rate for all water furnished by meter measurements effective July 1, 2024, shall be as follows:

- (1) Residential, per 100 cubic feet \$4.42
- (2) Nonresidential, per 100 cubic feet \$5.99

Section 2. Chapter 46, Section 66 is hereby further amended by deleting subparagraph (e) in

its entirety and replacing it with the following:

“(e) The minimum rate for residential metered water for each quarter shall be \$44.20 per 1000 cubic feet effective July 1, 2024.

The use of all water and sewer funds and SESD funds shall be excluded from all private development projects.”

Section 3. This Ordinance shall take effect as provided by City Charter.

CITY OF SALEM

In the year Two Thousand and Twenty-Four

An Ordinance to amend an Ordinance relative to Sewer User Charges

Be it ordained by the City Council of the City of Salem, as follows:

Chapter 46, Section 230 is hereby amended by deleting subsection (c) in its entirety and replacing it with the following:

“(c) The rates for sewer use charges effective July 1, 2024, shall be as follows:

Residential, per 100 cubic feet...	\$ 8.04
Nonresidential, per 100 cubic feet up to 25,000 cubic feet per month	\$12.18
Nonresidential, per 100 cubic feet for 25,000 cubic feet and greater per month	\$15.60

The use of all water and sewer funds and SESD funds shall be excluded from all private development projects.”

Section II. This Ordinance shall take effect as provided by City Charter.

City of Salem

In the year Two Thousand and Twenty-Four

An Ordinance to amend an ordinance relative to solid waste management.

Be it ordained by the City Council of the City of Salem, as follows:

Section 1.

1) Chapter 36, Section 36-6 Collection fee for certain residences is hereby amended by deleting the fee of "\$21.12" as it appears in paragraph (a) and replacing it with the fee of "\$21.86" and further amending this paragraph (a) by deleting the fee of "\$134.16" and replacing it with a fee of "\$138.86".

2) Chapter 36, Section 36-8 Collection fee for certain commercial establishments is hereby amended by deleting the fee of "\$30.64" and replacing it with the fee of "\$31.71".

Section 2. This Ordinance shall take effect as provided by City Charter.

City of Salem

In the year Two Thousand and Twenty-four

An Ordinance to amend Chapter 12 Building, Electricity and Plumbing Regulations

Be it ordained by the City Council of the City of Salem, as follows:

Section I. Amend Sec. 12-2 *Additions* by

a) Deleting paragraph numbered (b)(2) in its entirety and replacing it with the following:

“(2) For solid fuel burning appliance, a fee of \$75.00 shall be charged. A minimum fee of \$75.00 shall be charged for all building permit applications, including new construction, alterations, repairs, remodeling, and all swimming pool and sign construction. The exact fee shall consist of \$15.00 per one thousand for residential (1 or 2 family) and \$20.00 per one thousand for commercial and multifamily.”

b) Deleting paragraph numbered (b)(3)c in its entirety

c) Replacing the fee of \$10 as it appears in paragraph number (b)(3)d to \$20 for a replacement permit.

d) Re-lettering all paragraphs in section (b)(3)

e) Deleting paragraph (c)(1) in its entirety and replacing it with the following:

“(c) (1) A building or structure shall not be used or occupied in whole or in part until a certificate of use and occupancy shall have been issued by the inspector of buildings. Where fees are not established by the code, the following schedule shall be applied to determine the applicable fee for each certification:

Existing construction: \$150

Fees for initial certificates of occupancy for new construction of single- and two-family residences shall be deemed to have been included in the building permit fee.”

Section II. This ordinance shall take effect as provided by City Charter.

Sec. 12-2. Additions.

- (a) The additions referred to in section 12-1 are as set forth in this section.
- (b) There are established provisions relating to fees as follows:
- (1) Whoever applies for a building permit shall pay at the time of filing their application the fee established under this article of the Code of Ordinances of the City of Salem. All fees shall be paid in cash or by certified check payable to the City of Salem.
 - (2) For solid fuel burning appliance, a fee of ~~\$1575.00~~ shall be charged. A minimum fee of ~~\$2075.00~~ shall be charged for all building permit applications, including new construction, alterations, repairs, remodeling, and all swimming pool and sign construction. The exact fee shall consist of ~~\$157.00~~ per one thousand for residential (1 or 2 family) and ~~\$1120.00~~ per one thousand for commercial and multifamily.
 - (3) The estimated construction costs shall be figured at current local average building costs as determined by the inspector of buildings, but must be reasonably based upon reference to F.W. Dodge valuation service or other recognized valuation manual [except] as herein established:
 - a. For new single- and two-family dwellings the estimated cost shall be established at \$50.00 per square foot of floor area including attached garages and habitable basements. The same formula shall be applied to additions to existing buildings. For all other new construction, the estimated cost shall be established at \$50.00 per square foot of floor area. The same formula shall be applied to additions to existing buildings.
 - b. The fee for demolitions or moving of a building or structure shall be at the rate of \$2.00 per 100 square feet of gross area and there shall be a minimum fee of ~~\$175.00~~.
 - c. ~~A minimum fee of \$20.00 shall be charged for all building permit applications for siding and roofing. The exact fee shall consist of a \$5.00 application fee plus \$5.00 per \$1,000.00 or fraction thereof of the estimated construction cost.~~
 - d. A fee of ~~\$120.00~~ shall be charged for the replacement of a lost permit.
 - e. A fee of \$25.00 shall be charged for research and correspondence relative to code compliance. A fee of \$30.00 plus \$20.00 per trip to the archives shall be charged for correspondence substantiating existing real estate use, nonconformities and other related conditions. A fee of \$20.00 shall be charged per trip to the archives.
 - f. Plumbing permit fees shall be in accordance with the following schedule:
 1. Residential:
 - New construction, \$50.00 five fixtures, plus \$5.00 per fixture over five.
 - Remodel kitchen or bath, \$25.00.
 - One plumbing fixture, \$10.00.
 - Replacing pipes, water piping or waste piping, \$20.00.
 - Electric hot water tank, \$15.00.
 - Sprinkler work, \$25.00.
 - 1—9D, \$10.00.
 - Reinspection fee for unacceptable work, \$50.00.

Deduct water meter, \$10.00.

Annual inspection of testable backflow prevention device, \$20.00.

Annual inspection of nontestable backflow prevention device, \$10.00.

Fine violation, \$200.00.

2. Commercial/industrial:

New construction, \$80.00 initial permit fixtures, plus \$20.00 per fixture.

Existing buildings, \$60.00, plus \$20.00 per fixture.

Reinspection for unaccepted work, \$60.00 for each reinspection.

Fine violation \$200.00.

g. Gas permit fees shall be in accordance with the following schedule:

1. Residential:

New construction, \$50.00, plus \$5.00 for each fixture.

Remodeling/repairs, \$25.00.

Hot water tank, \$30.00.

Boilers, \$30.00.

1—9D, \$10.00.

Piping only, \$20.00.

Gas dryer, \$20.00.

Ranges, \$20.00.

Tests, \$20.00.

Maximum for residential, \$50.00.

Reinspection for unaccepted work, \$20.00.

Fine violation, \$200.00.

2. Commercial/industrial/multifamily dwellings:

Initial permit, \$60.00, plus \$25.00 each additional fixture.

Piping only, \$25.00.

Reinspection for unaccepted work, \$60.00 for each reinspection.

Fine violation, \$200.00.

(4) No fee paid in connection with an application for a building, plumbing or gas permit shall be returned if a permit is granted, whether or not the work is done.

(c) (1) A building or structure shall not be used or occupied in whole or in part until a certificate of use and occupancy shall have been issued by the inspector of buildings. Where fees are not established by the code, the following schedule shall be applied to determine the applicable fee for each certification:

~~1 to 5,000 square feet of total floor area \$25.00~~

~~5,001 to 25,000 square feet of total floor area \$30.00~~

25,001 to 50,000 square feet of total floor area\45.00

50,001 to 100,000 square feet of total floor area\50.00

Over 100,001 square feet of total floor area\75.00

One and two family residences\25.00

Existing construction/\$150

Fees for initial certificates of occupancy for new construction of single- and two-family residences shall be deemed to have been included in the building permit fee.

- (2) All such certification shall remain in force so long as the occupancy for which such certification is given is maintained and the building, structure, or parts thereof remain in safe and sanitary condition. It shall be the responsibility of the owner to notify the inspector of buildings when any change of use and/or occupancy takes place.
 - (3) In buildings or structures containing multiple uses and/or occupancies, fees shall be paid on the basis of each such use and occupancy certified.
 - (4) All buildings, structures and parts thereof owned or operated by a department of or by the city shall be exempt from payment of certification fees, but shall not be exempt from certification by the inspector of buildings.
- (d) Any work performed without a permit and after 48 hours found to have been so done shall be subject to double the fee so required by this schedule.

(Code 1973, § 7-2; Ord. of 3-29-99, § 1; Ord. of 4-24-2003, § 1; Ord. of 3-9-2006, § 1; Ord. of 5-13-2021, § 1)

City of Salem

In the year Two Thousand and Twenty-four

To the City Council
City Hall
Salem, Massachusetts 01970

Ladies and Gentlemen of the Council:

Enclosed herewith is a proposed Order authorizing the use of city property for the purpose of outdoor dining.

In accordance with City Ordinance Chapter 38 and the City of Salem Outdoor Dining Policy, the businesses listed on the Order have made their applications for such use and are proceeding through the approval process with the Disability Commission, Redevelopment Authority, Design Review Board and Licensing Board. Once all approvals are secured, the Solicitor's office will prepare license agreements for the use of City property consistent with Chapter 38, the Outdoor Dining Policy and any limitations or conditions required by our city boards.

I recommend adoption of the attached Order. Thank you for your consideration.

Sincerely,

Elizabeth Rennard

CITY OF SALEM

In City Council, May 9, 2024

ORDERED: In accordance with Massachusetts General Law, Chapter 268A, Section 20(b) the City Council hereby declares that Carlos Hernandez has met the requirements for exemption as set forth in this Section and may be retained as a Seasonal Playground Instructor by the Park, Recreation and Community Services Department, not to exceed 500 hours in this calendar year.

**Report of the Planning Board to City Council
Re: Coastal Resiliency Overlay District (CROD)**

May 3, 2024

At its meeting on May 2, 2024, the Planning Board discussed the proposed Coastal Resiliency Overlay District ordinance, which would amend Chapter 8, Special District Regulations by adding Section 8.9.

This item was referred to the Planning Board for its recommendation from the April 29, 2024, joint public hearing with the City Council.

The Planning Board voted nine (9) (Chair Bill Griset, Kirt Rieder, Zach Caunter, Carole Hamilton, Sarah Tarbet, Helen Sides, Tom Furey, Jonathan Berk, and Josh Turiel) in favor, and zero (0) opposed to recommend that the City Council adopt the ordinance.

If you have questions regarding this matter, please contact Tom Daniel, AICP, Director of Planning & Community Development, at 978-619-5685.

A handwritten signature in black ink, appearing to read "William Griset".

William Griset, Chair of the Planning Board
CC: Ilene Simons, City Clerk

Derby Street Mile Road Race

Friday, August 16th

Competitive Race at 7:00pm with the Family Fun run to follow at approximately 7:15pm.

As in past years, we will need **four** details officers.

Detail Officers: 5:30-8:30pm

At 5:30pm:

- We need 2 officers at the starting line on Fort Ave near Cat Cove. The timer will be setting up in the parking area and in the willows bound lane. Officers needed to keep traffic flowing on the outbound lane.
- We need 2 officers at the finish line on Derby Street near Waite and Pierce. The timer will be setting up the finish line and officers needed to keep traffic flowing.

At 6:45pm:

1. One lead car at the start to lead both the 7:00 and 7:15 races
2. One officer at Memorial Drive @ Fort to detour Willows bound traffic from Derby Street/Fort Ave. to Memorial
3. One officer at Webb @ Derby to detour traffic to Webb away from Derby Street.
4. One officer at Herbert St @ Derby to close Derby once the race begins.

I will contact the Mayor's office and ask them to send out a ROBO call the day prior to the race.

We also need to have event/no parking signs posted on Derby Street from in front of the Custom House to Pierce and Waite. They usually say no parking from 4:00-8:00pm. I will contact Katie at DPS regarding signs and horses.

We try to have volunteers stationed at every street that empties onto Derby. In the past, you have placed horses on which the lead car has placed prior to the race:

City of Salem

In the year Two Thousand and Twenty-four

An Ordinance to regulate camping

Be it ordained by the City Council of the City of Salem, as follows:

Section 1. Chapter 24 is hereby amended by adding a new Section 24-31 *Camping*

“Section 24-31 Camping

(a) Definitions

For the purposes of Section 24-31, the following definitions shall apply:

“To camp” means to pitch, erect, or occupy a Campsite or to use Camp Materials, or both, for the purposes of, or to facilitate, outdoor sheltering, either temporarily or permanently.

“Campsite” means any place where a tent, tarp, or other temporary structure is established for the purpose of maintaining an outdoor shelter.

“Camp Materials” means items used to establish or facilitate occupancy of a Campsite, including tents, tarps, or other temporary structures, as well as large furniture, stoves, and other cooking instruments.

“City Storage Program Policy” refers to the City’s written policy for storage and tracking/record-keeping of Eligible Property. This policy shall take into consideration equitable access to stored eligible property, reasonableness of communication with persons whose eligible property is stored, transportation to access stored eligible property, and any other policies or criteria that ensure the safety and access of eligible property by their owner for a reasonable period of time.

“Eligible Property” means items including, but not limited to, personal identification and documents, valuables, clothing, hygiene products and toiletries, personal effects, and items of basic necessity. Any item damaged in such a manner that it is deemed, by the Board of Health or their Agent, to be unsafe to store or may pose a health risk or hazard, is not Eligible Property. The City Storage Program Policy shall further define property that is eligible for storage.

“Emergency Shelter Space” means a City-authorized location, within the City of Salem or within 15 miles from the nearest border of Salem, providing temporary shelter or alternative sleeping space practically available to persons experiencing homelessness. Emergency Shelter Space shall be at a shelter, housing accommodation, or alternative sleeping space that has reasonable transit access and maintains policies and procedures for accommodations under the Americans with Disabilities Act.

“Period When Shelter Is Unavailable” means a length of time in which there is no Emergency Shelter Space available to individuals experiencing homelessness in Salem.

“Reasonable transit access” means a shelter that is within .5 miles from a commuter rail station, subway station, ferry terminal or bus stop and that a person in shelter may reasonably access transit options to return to Salem without relying on automotive or non-public transit options.

“Supportive services” means any programs or services offered by qualified, licensed, and registered non-profit service agency providing housing, employment, financial, academic, or other similar services, and entities that provide medical health, mental health, recovery, treatment or other similar services.

(b) Purpose

- (i) It is the purpose of this Ordinance to promote public health, public safety, general welfare, and the economic health and well-being of Salem, its workers, visitors, and residents, including individuals experiencing homelessness, by prohibiting unsanctioned camping and the dangerous and unsafe conditions surrounding such Campsites, to offer an available shelter and available unit to persons experiencing homelessness in Salem who live in campsites, and to better provide persons experiencing homelessness who live in campsites with housing space and emergency shelter space that provides reasonable transit access, and to connect people to supportive services as they so choose to receive.
- (ii) The Ordinance seeks to improve access to housing and recovery services by restoring access to public spaces, the public right-of-way, and curtailing the existence of Campsites which may create public health concerns. It is also the purpose of this Ordinance to protect the rights of individuals related to their personal property and to treat such property with respect and consideration.
- (iii) This Ordinance shall apply to all Campsites and camping on public property, including, but not limited to, streets, sidewalks, and public rights-of-way.

(c) Unlawful Camping on Public Property

It is unlawful for any person to camp or maintain a Campsite or Camp Materials in or on any public property or in the public right-of-way, including, but not limited to, any street, sidewalk, school or public park, unless specifically authorized by the City or during a Period When Shelter Is Unavailable, subject to the restrictions and regulations specified by this Section.

(d) Unlawful Camping on Private Property

Unless specifically authorized by the City or during a Period When Shelter Is Unavailable, it is unlawful for any person to camp or maintain a Campsite or Camp Materials upon private property in the City for more than 48 hours unless allowed by the City’s Zoning Code as a permitted Commercial Recreation (Outdoor) or Nonprofit Outdoor Recreational Facilities use. This section shall not apply to camping activities conducted by minors at or in the yard of their own or their guardian’s residence for recreational purposes.

(e) Restrictions on Unlawful Camping During A Period When Shelter Is Unavailable

- (i) The prohibitions against Campsites and camping in 24-31(c) and 24-31(d) shall not apply during a Period When Shelter Is Unavailable.
- (ii) City officials shall maintain a list of identified Emergency Shelter Spaces with existing capacity, which is updated daily and is communicated upon updating to the Salem Police Department, Health Department, Council on Aging, Veterans Service Officer, and community nonprofits and other agencies, organizations, and entities who work directly with persons experiencing homelessness. The list shall be posted on the City’s website and at any Salem-based shelter. It shall

include the date of posting and any site regulation that may present an obstacle for admittance

- (iii) During a Period When Shelter Is Unavailable, or when a Campsite is specifically authorized by the City, a Campsite or use of Camp Materials must comply with existing state and local laws to ensure public health and safety of those in and around the Campsite.
 - (iv) During any Period When Shelter Is Unavailable, the City, through the Board of Health or its Agent, the Police Department, the Fire Department, and the Department of Inspectional Services, is hereby authorized to promulgate any additional regulations relative to the time, place, and manner for camping and for the density of Campsites on either public or private property, in order to protect public health, maintain access to the public right-of-way, protect private property, and support the effective operation of facilities such as schools, shelters, and health care institutions during such periods.
- (f) Offer of Shelter
- (i) In the event of a violation of this Ordinance, the City shall provide, or cause to be provided, an offer of available Emergency Shelter Space to an individual experiencing homelessness and must inform that individual that transportation to available Emergency Shelter Space is available. The City shall furnish or cause to be furnished said transportation, which may be public transportation. Before making a referral, the city shall ensure a space is available for a reasonable period of time.
 - (ii) Each Emergency Shelter Space offered to an individual pursuant to 24-31(f)(i) shall be at a shelter, housing accommodation, or alternative sleeping space that maintains policies and procedures for accommodations under the Americans with Disabilities Act.
 - (iii) If an individual is employed in Salem or a neighboring community, the city shall to the best of its ability offer shelter space within the community in which they are employed and shall not use the existence of shelter space in other communities as a means to displace them from an encampment. The city shall also consider the work schedule of the individual and refrain from offering shelter space with curfews, check-in schedules or any other policy or restriction that may interfere with the individual's ability to maintain their employment.
- (g) Storage of Property
- (i) The Salem Police Chief shall establish, and from time to time amend, a City Storage Program Policy not inconsistent with this ordinance.
 - (ii) In the event of a violation of this Ordinance, the City shall offer and provide storage for personal belongings consistent with the City Storage Program Policy. The City Storage Program Policy shall provide for the storage of Eligible Property, define at its sole discretion property that is eligible for storage, and provide clear instructions on how individuals with property in storage may regularly access and recover their belongings.

- (iii) The City Storage Program Policy will also provide that for property at a Campsite in violation of this Ordinance and that is not claimed by any person within 24 hours of it being deemed by the City as being unclaimed, City staff will assess whether the property is abandoned property or an individual's temporarily unattended property through reasonable and documented attempts to identify the property owner. Property determined by City staff to pose an immediate health or safety risk is subject to immediate disposal.
- (iv) The City shall store Eligible Property determined, pursuant to 24-31(g)(i), to be temporarily unattended Eligible Property under the City Storage Program Policy. For temporarily unattended property that is not Eligible Property under the City Storage Program Policy, the Inspectional Services Department shall either, at the director or their designee's sole discretion, post notice for 24 hours prior to the removal of the unattended property not eligible for City storage or temporarily store, for at least 24 hours, the unattended property and post notice as to how to recover it.
- (v) City officials shall provide a written copy of the City Storage Program Policy when providing an offer of storage, which shall be made available in any language required pursuant to the City's Language Access Policy.
- (vi) In the event of a violation of this Ordinance, should an individual leave the area of a Campsite without their belongings, City staff shall store eligible property in accordance with the City's Storage Program Policy and this section.
- (vii) In the event of lost property subject to the City's Storage Program Policy, individuals who wish to bring a claim for such lost property shall utilize the City's existing process for submitting claims. No fees may be charged for the processing of claims submitted pursuant to this subsection of the Ordinance.

(h) Removal

Once the City has engaged an individual pursuant to Section 24-31(f) and Section 24-31(g), the City may, in its sole discretion, remove any Campsite and/or Camp Materials not removed by said individual.

(i) Notice to Individuals

- (i) Whenever the City may identify Campsites reasonably presumed by the City to be occupied by individuals experiencing homelessness, and it is not a Period When Shelter Is Unavailable, the City shall distribute weather-resistant notices to said individuals and post weather-resistant signage proximate to said Campsite(s).
 - a. Such signage shall state in any language required pursuant to the City's Language Access Policy: "WARNING: CITY ORDINANCE RESTRICTS CAMPING. VIOLATION MAY BE SUBJECT TO REMOVAL AND/OR ENFORCEMENT ACTION."
 - b. Such notice shall state the same, in any language required pursuant to the City's Language Access Policy, along with the full text of this Ordinance, the City Storage Program Policy, and any additional information or resources that the City may determine will be helpful to the individual.

(ii) Upon the effective date of this Ordinance, once the City has engaged an individual pursuant to Section 24-31(f) and Section 24-31(g) no further notice is required to enforce this Ordinance.

(iii) During a Period When Shelter Is Unavailable, when the City notifies an individual located in any Campsite that a Period When Shelter Is Unavailable has ended, said individual shall have seventy-two (72) hours to remove their Camping Materials.

(j) Penalty for Violations

Individuals in violation of this Ordinance may be subject to penalties. This Ordinance shall be enforced by the Salem Police Department, the Salem Board of Health or its Agent or their designees, the Salem Department of Inspectional Services, and the Salem Fire Department, as well as any sworn law enforcement agency empowered to make an arrest within the jurisdictional boundaries of the City of Salem. Any of the following penalties may apply:

- a. All enforcement methods authorized by law, excluding fines for the unlicensed, but including, issuance of a warning, G. L. c. 40, s. 21, or enforcement authorized by G. L. c. 272, s. 59 (ordinances or Regulations Relating to Streets, Reservations or Parkways; Alcoholic beverages; Profanity; Arrest Without a Warrant) if the Salem Police or other duly authorized officer on scene determines a violation of G. L. c. 272, s. 59 has occurred in their presence.

(k) Severability

The provisions in this Ordinance are severable. If any part or provision of this Ordinance is held invalid by a court of competent jurisdiction, the remainder of this Ordinance shall not be affected by such holding and shall continue to have full force and effect.”

Section 2. This Ordinance shall take effect as provided by City Charter.

In City Council March 14, 2024

Referred to the Committee on Public Health, Safety and the Environment co-posted with the Committee of the Whole

In City Council April 25, 2024

Adopted for first passage as amended

ATTEST:

ILENE SIMONS
CITY CLERK

City of Salem

In the year Two Thousand and Twenty-four

An Ordinance to amend an Ordinance relative to Water and Sewers

Be it ordained by the City Council of the City of Salem, as follows:

SECTION I: Chapter 46. Sec. 46-35. Meters is hereby amended by deleting paragraph (d) *Estimates of use of water* in its entirety and replacing it with the following paragraph:

“(d) Water Usage Estimates: In instances when an actual read is not being received due to reasons such as meter or MIU malfunction, but not excluding other causes, the water taker shall be billed based on the historical average. For commercial or industrial water takers, the water registrar will estimate the daily volume for billing purposes. In cases where actual readings are not available for the main meter but a deduct meter is getting actual reads, the estimate will be calculated based on the actual reads of the deduct meter and historical variances between the two meters.”

SECTION II. This Ordinance shall take effect as provided by City Charter.

In City Council April 11, 2024

Referred to the Committee on Ordinances, Licenses and Legal Affairs co-posted with the Committee of the Whole

In City Council April 25, 2024
