MOTIONS, ORDERS, AND RESOLUTIONS

Councillor Lovely

*Ordinance* to amend an ordinance relative to Zoning

**Section I. Chapter 8.2 - ENTRANCE CORRIDOR OVERLAY DISTRICT (ECOD)**

**8.2.1 Purpose.** The purpose of the *Entrance Corridor* Overlay District (ECOD) is to augment underlying zoning regulations in designated areas to:

1. Protect and enhance the major *entrance* ways into the City; and
2. Ensure that such areas are improved in a manner which is in the best interest of the City.

**8.2.2 Applicability.** The ECOD shall be established along the *corridors* designated on the zoning map. The boundaries of the overlay shall be interpreted as following the rear lot lines of properties fronting on the *corridor* or along a line one hundred fifty (150) feet from the centerline of the *corridor*, whichever is less.

1. Properties within such district shall be controlled by the regulations of the underlying zoning districts, except as hereunder specified. In instances of conflicting requirements, the restrictions listed below shall prevail.
2. The requirements of this section shall not apply to Planned Unit Development (PUD) proposals, or those development proposals which are required to obtain a site plan review special permit.

**8.2.3 Requirements.** The following requirements shall apply to all properties in the ECOD:

1. Curb cuts. Only one (1) curb cut of no greater than twenty-four (24) feet shall be permitted for all residential uses. A maximum of two (2) curb cuts no greater than twenty-four (24) feet each shall be permitted for all commercial uses.
2. Mechanical equipment and refuse storage areas. No refuse storage areas or mechanical equipment areas shall be located in a front yard, nor within twenty-five (25) feet of the front lot line of the side yard. Such areas shall be screened from all public ways, parking areas, residential land uses and open space areas.

**8.2.4 Fences.** In order to maintain and maximize aesthetic views and sight lines, all fences along the front and side lot lines shall comply with the following standards:

1. No fence along front or side lot line shall be more than four (4) feet in height, as measured from the curb level of the street, or average grade elevation of the land where the fence is to be located, whichever is deemed appropriate.
2. Chain link and wire fences are prohibited along front and side lot lines.
3. Any fence constructed within an ECOD shall require a fence permit issued by the City building department.

**8.2.5 Parking Areas.** All parking areas of more than twelve (12) spaces shall be arranged and landscaped to properly screen vehicles from adjacent properties and streets. The requirements for such landscaping are as follows:

1. Landscaping shall include one (1) tree of three and one-half-inch to four-inch caliper for each three (3) parking spaces. Trees shall be planted in plant beds bounded by six-inch granite curbing.
2. No plant bed shall be less than fifteen (15) square feet, and no dimension of such plant bed shall be less than three (3) feet.
3. A planting strip of no less than three (3) feet wide shall separate vehicles parked face to face in a parking area. Such planting strip shall include one (1) three and one-half-inch to four-inch caliper tree every twenty-seven (27) feet, in line with striping and other appropriate landscaping.

**Continued Next Page**

**JULY 21, 2016**

**MOTIONS, ORDERS, AND RESOLUTIONS**

**Continued:**

**8.2.6 Signage.** A sign review committee, comprised of the following members, shall be established for the purpose of reviewing all signage proposed for the ECOD; Building Commissioner or designee; and City Planner or designee; and representative of the Salem Redevelopment Authority.

1. The sign review committee shall review the size, location, type of material and design of all signs located within an ECOD.
2. The sign review committee shall follow the Salem Sign Ordinance, except that the sign review committee shall be allowed to limit the size of all signs within an ECOD to one-half (½) the size which is allowed in the underlying zone.
3. Approval by a simple majority of this committee is required prior to a sign permit being granted by the City.

**8.2.7 Site Plan Review.** All new construction over two thousand (2,000) square feet in nonresidential uses shall be required to be reviewed and approved under the provisions of site plan review by the Planning Board.

Action Contemplated

Councillor Lovely	Moved refer to the Planning Board to schedule a joint public hearing with City Council	Voted
