ORDER: That this order keep in effect the moratorium placed on regular pruning, maintenance and/or removal of street trees by utility companies and/or their agents within the City of Salem issued on June 22, 2017. These activities shall not recommence until the earliest of the following: The City Tree Warden issues a reinstatement order, the City Council enters a subsequent order; or November 15, 2017. Notwithstanding the above, in an emergency situation threatening public safety or public health, the City Tree Warden may temporarily lift this Order to allow for emergency pruning and/or removal of street trees by utility companies and/or their agents. Further the Committee on Public Health, Safety and Environment co-posted with the Committee of the Whole shall meet to discuss recent over-pruning and destruction of trees by utility companies conducting pruning and maintenance operations in Spring 2017. Invited to this meeting shall be: the City Tree Warden, DPS Director or his designee; representatives of utility companies with utility lines and poles throughout the City.

COMMUNICATIONS FROM CITY OFFICIALS

Communication from Tom Daniel, City Planner regarding the Zoning Amendment to change the zoning designation of 204, 206, 214 & 222 Derby St. from Residential Two-Family (R-2) to Central Development (B-5) outlining the mechanism to include these four parcels in the urban renewal boundary first and then rezone to B-5. Per the City Solicitor the rezoning could be approved by the City Council with an effective date specified many months in the future. If the Council supports the rezoning, an effective date of May 1, 2018, would provide enough time for the urban renewal boundary to be completed at the municipal and state levels

Communication from the Planning Board with their recommendation of denial of the request of the Zoning Amendment to change the zoning designation of 204, 206, 214 & 222 Derby Street from Residential Two-Family (R-2) to Central Development (B-5) because changing the zoning without changing the urban renewal area presented two primary concerns, the lack of both design and demolition oversight. However, at such time the urban renewal area is extended, the Planning Board would be in favor of the rezoning of 204, 206, 214 & 222 Derby St. to Central Development (B-5). The Planning Board unanimously supported the B-5 zoning designation. The motion to deny was based on factor that the four parcels to be included in the urban renewal area prior to the rezoning to ensure there will be design and demolition oversight.
