No new building permits shall be issued for any construction within the buffer zones of a wetland or on a floodplain in any zoning district within the City of Salem for a period of 2 years. The reason for this temporary moratorium is because the City has experienced multiple projects being approved for construction within the buffer zones of wetlands and within floodplains. Time is needed so that the city can conduct a comprehensive study on the impact of construction within buffer zones and floodplains. This moratorium shall not apply to building permits for future phases of any project which has obtained all required permits and approvals. This moratorium shall apply to building permits that would encroach upon our wetlands and floodplains from the date of this ordinance.

The complete text of the proposed amendments to Zoning are on file at the office of the City Clerk 93 Washington Street, or the Planning Department, City Hall Annex, 98 Washington Street, Salem, Massachusetts, and are available for inspection during regular business hours.
