

Partners in Action

Making the Most of Expanded Learning Time

June 6th, 2016

Why Community Partnerships?

- Whole child support and student voice
- Innovation and expertise
- Hands-on application of learning
- Community engagement
- Sustainability for diversified programming

In the past two years we have

- Secured over \$1.4 million from state, federal and local resources to support ELT/OST opportunities in school, afterschool and in the summer
- Built the partnership collaborative including approximately 40 partners
- Leveraged partners to support arts integration, family engagement and cultural proficiency

Dance

Theatre

Swim

Arts Exploration

School Support

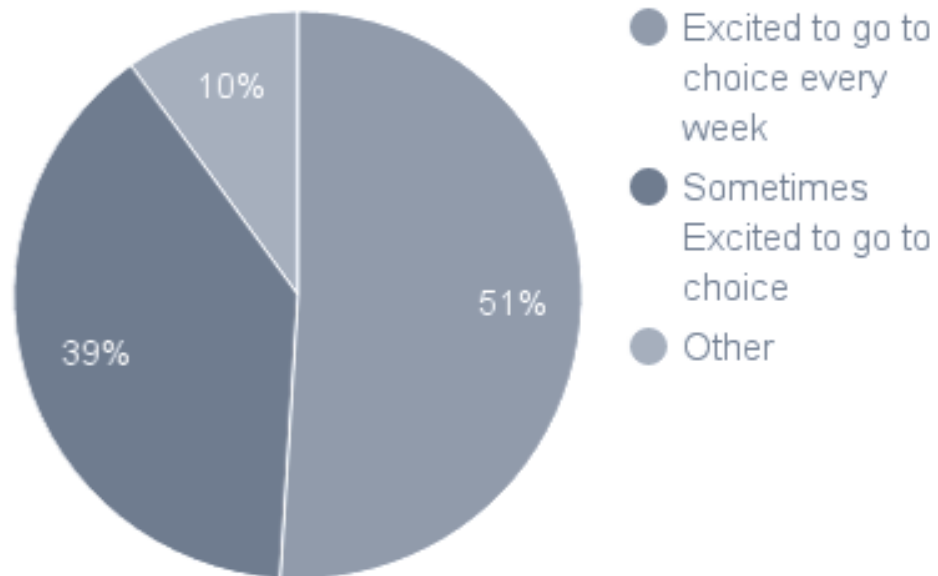

Student Government

Yearbook

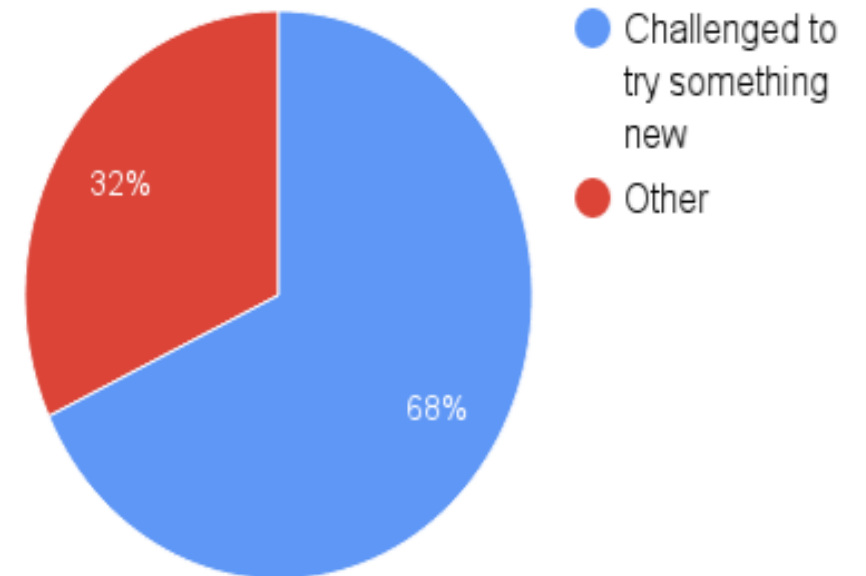

Enrichment program administration

Choice Block Student Survey Results

Do you look forward to going to choice block?

Where you challenged to try something new?

Water Safety Impact

100 Bowditch Scholars learned new swim skills and improved their water safety and awareness.

"I liked jumping in the pool and swimming in the deep end. I learned how to float at the top of the water!"
Edwin, Grade 3

"Practicing made me feel safer in the pool. At the end of swimming they gave us goggles and now I can see under the water." Terry, Grade 3

"I was definitely a better swimmer after my swimming choice block." Ciara, Grade 3

Creative Kids

"My friend and I learned that you should never say you can't do something because then you'll always be scared of trying. You should always try your best." Laura, Grade 3

"Showing our parents what we are learning about made me feel awesome." Mariah, Grade 3

"The first time we performed it was nerve wracking because I'd never seen so many people looking at me, but after that I thought maybe the people looking were participating and that got me energized." Raymond, Grade 2

"It was pretty fun performing in front of the class. I felt like I was brave enough to do it." Owen, Grade 2

"Improv was fun because we got to learn new things and make our own play." Isabella, Grade 3
