

Agenda

January 28th, 2015

6:00 pm

120 Washington Street, 3rd Floor

Introduction – quick update on projects from Energy Manager

- LED Streetlights
- Solar – Tighe & Bond structural analysis of City projects
- Green Infrastructure Climate Change Resiliency Project grant

General Discussion

- **New Member Discussion** – The RETF needs several new members so the Committee will brainstorm potential new members.
- **ASU Coastal Resiliency Planning Workshop** – Member Craig Thomas is teaching an online class at Arizona State University on coastal resiliency planning which focuses on Salem. He will be sharing his syllabus for the class and querying the Task Force for help with the class.
- **Goal setting for 2016** – RETF members hope to brainstorm list of items to accomplish in the year
- **Website Update** – Discuss adding content to RETF site on Salem.com. Energy Manager can now add/edit content to provide more meaningful, up to date info.

Future Meetings

- Next meeting will be held on March 17th, 2015 at 6pm.
