1. LMI Map
2. Application for Federal Funding (SF-424) & Certifications

This Page is intentionally left blank.

Introduction

The Federal funding that Salem will receive for FY23 includes \$1,056,224 in CDBG funds, an estimated \$180,000 in HOME funds and a projected \$125,000 in program income. Total proposed expenditures based on current estimates of funding to be available are \$1,361,224.00.

Many activities leverage funding from other sources to maximize the impact of the federal dollars the City receives. Together, these resources fund a wide range of activities designed to develop and maintain affordable housing, improve neighborhood public facilities, provide economic opportunities, improve access for people with disabilities, provide critical public services, assist people who are homeless, and prevent homelessness. The City bases its funding allocations on needs identified, proposed activities and accomplishments to meet those needs and estimated funding needed to reach the goals and accomplishment levels.

CDBG 101: What Can Be Funded?

Although CDBG funds can be used for many types of housing, community and economic development activities, some restrictions apply. CDBG funds must be used for an eligible activity, must address at least one of three “national objectives” set by Congress, and a majority of the funds must be spent on activities that benefit very low, low or moderate income people.

National Objectives

- **Benefit to very low, low and moderate income persons**
 - Activities that serve a “limited clientele”
 - Limited clientele refers to certain populations presumed by HUD to have very low, low or moderate incomes: abused children, battered spouses, elderly persons, severely disabled adults, homeless persons, illiterate persons, persons living with AIDS and migrant farm workers
 - Serving people with incomes below the very low, low or moderate income threshold (see “Income Limits” below)
 - Area benefit activities
 - Activity conducted in a service area that is primarily residential, and at least 51% of the residents have very low, low or moderate incomes (see Map in Appendix). The activity must meet the needs of very low, low and moderate income persons.
 - Job creation or retention activities
 - At least 51% of the jobs created or retained must be available to and held by very low, low or moderate income people
- **Aid in the prevention or elimination of slums or blight**
 - Area Basis – Must be a formally designated area (i.e. Salem’s downtown)
 - Spot Basis – Only a limited set of activities qualify
 - Urban Renewal Area
- **Meet a need having a particular urgency**
 - Recent emergency conditions only, posing an immediate threat to health or welfare of community and no other funding is available

Eligible Activities

CDBG funds may be used for a variety of activities. In general, the activities fall into these categories:

- Anti-Crime Programs
- Economic Development
- Homeless & HIV/Aids Programs
- Housing
- Infrastructure
- Planning & Administration
- Public Facilities
- Public Services
- Senior Programs
- Youth Programs

What Does “Very Low, Low or Moderate Income” Mean?

Each year HUD publishes “income limits” that define very low, low and moderate income levels used in several housing and community development programs. The income limits are determined by household size and the median incomes in a particular area¹. Below are the income limits in effect for Salem as of June 1, 2021.

Income Limits								
Household Size	ONE	TWO	THREE	FOUR	FIVE	SIX	SEVEN	EIGHT
MODERATE (80% of Median)	70,750	80,850	90,950	101,050	109,150	117,250	125,350	133,400
LOW (50% of Median)	47,000	53,700	60,400	67,100	72,500	77,850	83,250	88,600
VERY LOW (30% of Median)	28,200	32,200	36,250	40,250	43,500	46,700	49,950	53,150

Addressing the COVID-19 pandemic

The COVID-19 pandemic began during the final stages of the development of the 5-Year Consolidated Plan. The City acknowledges that additional needs have arisen as a result. Salem made an effort to respond to immediate needs by reprogramming available 2019 CDBG funds, as well as through the use of CDBG-Coronavirus Aid, Relief, and Economic Security Act (CARES) funds. The authorizing statute of the CDBG program requires that each activity funded, except for program administration and planning activities, must meet one of three national objectives. As previously stated, the three national objectives are:

- Benefit to low- and moderate- income (LMI) persons;
- Aid in the prevention or elimination of slums or blight; and
- Meet a need having a particular urgency (referred to as urgent need).

Moving forward, with regard to urgent needs due to infectious disease or Federal/State/Local declared disasters, additional CDBG funds may be reprogrammed to activities to address those needs, including housing, infrastructure, public facilities, assistance to affected businesses, public services or planning, capacity building or technical assistance. Such changes may include a modification in purpose, scope, location or beneficiaries of activities and may use CDBG, CDBG-CARES (CDBG_CV) or other awarded federal funds under the LMI and/or Urgent Need National Objective. Therefore, Salem may will utilize all three national objectives during this period.

¹ Salem's median income is \$120,800 as of 6/1/2021

FY23 Action Plan Summary of Proposed Activities

The following section describes the activities proposed for FY23 in the categories of Affordable Housing, Economic Development, Neighborhood Improvements, Public Services and Planning & Administration that will be undertaken with CDBG and/or HOME funds. The activities listed are a combination of those managed by the city and by community organizations.

Typically, the City identifies activities to be funded from a specific year's resources, but for some projects, such as multi-year funding commitments or construction projects, the activity may be completed in the following fiscal year or undertaken over several fiscal years. It is not uncommon for the City to have projects that are ongoing from a previous fiscal year.

FY23 Affordable Housing Activities

- **Housing Rehabilitation Loan Program**

The *Housing Rehabilitation Loan Program* provides technical and financial assistance to help homeowners make needed improvements to their properties. The program's primary objectives are the elimination of lead paint, hazardous health and safety conditions, code violations, and barriers to accessibility. The program rehabilitates owner-occupied single and multi-family properties, which also creates and/or improves rental opportunities. Upon completion of the rehabilitation, and for at least 15 years thereafter, all rental units assisted with federal funding will be restricted to affordable rents.² Housing rehabilitation may also be undertaken by non-profit owners of rental properties.

Projected Accomplishments: 1 Household Assisted

Proposed Funding: This activity will use carried over funding from FY22.

*Building with a Unit that was bought with First-Time Home Buyer Assistance
Image by Zillow*

- **First-Time Homebuyer Downpayment Assistance Loan Program**

The *First-Time Homebuyer Downpayment Assistance Loan Program* provides 0 percent interest, deferred-payment loans to households that wish to purchase a home in the City of Salem. The loan is deferred, as long as ownership of the property is not sold, transferred or refinanced. This program provides renters with the opportunity to become homeowners, while potentially freeing up a rental unit for another family.

Projected Accomplishments: 2 Households Assisted

Proposed Funding: \$15,000 CDBG

This activity may also use carried over funding from FY22.

- **Rental Downpayment Assistance Program**

The Rental Downpayment Assistance Program, administered through local social service agencies, provides rental start-up assistance to low- and very low-income Salem residents to help pay first and last month's rent and security deposits directly to landlords to enable them to obtain decent housing.

Projected Accomplishments: 20 Households assisted

² Rent limits are established by HUD annually.

Proposed Funding: \$70,000 HOME

- **Affordable Housing Development**

Pool of funds for when opportunities arise for pre-development, acquisition and/or rehabilitation of affordable housing units (at or below 80% of AMI) by non-profit housing developers and/or CHDO's.

Projected Accomplishments: To be determined.

Proposed Funding: HOME: \$104,600 will be used for a specific development project(s) to be determined.

- **Rehabilitation Administration**

Provides for the administration costs necessary to manage our rehabilitation programs, including inspectional services, mortgage filings, salary, benefits and non-salary expenses.

Proposed Funding: \$78,300 CDBG; \$5,400 HOME

Fiscal Year 2023 Economic Development Activities

- **Small Business Financial Assistance Programs**

The City provides financial assistance to local business owners through its *Business Loan Program* and *Storefront Improvement Program*, which are operated out of a funding pool. The *Salem Business Loan Program* works to expand financing opportunities for local entrepreneurs, while creating jobs for low- and moderate-income individuals and revitalizing the city's downtown and income-eligible neighborhoods. The program provides low-interest loans to qualified entrepreneurs to cover the gap between the amount of financing needed for an economic development project and the amount that conventional lenders can finance. Funds are available for

Lulus Bakery received small business technical assistance

acquisition, construction, or rehabilitation of real property and for financing related to the purchase of equipment, fixtures, inventory, leasehold improvements and working capital. Terms/conditions of the loans vary. The *Storefront Improvement Program* is designed to encourage private investment and reinvestment by new and existing property/business owners in eligible commercial districts, by offering a one-to-one match for façade improvements. The match from the city is up to \$5,000 for each storefront.

Projected Accomplishments: 1 business assisted, minimum of 2 jobs created

Proposed Funding: \$44,000

- **Business Technical Assistance**

The City helps to coordinate and fund technical assistance services to local business owners. The City will continue to fund the *Salem Main Streets Downtown Program*. The goal of the Program is to assist in the revitalization of downtown Salem as a vibrant year-round retail, dining and cultural destination through business recruitment, retention and promotion. Main Streets works with entrepreneurs and business owners to secure needed resources and navigate approval processes. Main Streets also works to improve the downtown business climate in support of additional economic development.

Technical assistance is also provided to new and existing businesses by the City's Economic Development Planner, who administers the City's financial assistance programs and provides administration to the Salem Redevelopment Authority, which has approval authority over projects occurring in the Downtown Area (slum/blight area).

Continuing this year will be assistance for a North Shore Community Development Coalition's Small Business Engagement Program that will serve minority entrepreneurs with a business workshop series, mentoring sessions, networking groups and referrals to partner agencies. The program will assist the development and growth of immigrant-owned businesses that provide products and services to the Point Neighborhood.

Projected Accomplishments: Minimum 6 jobs created

Proposed Funding: \$185,000

Fiscal Year 2023 Neighborhood Improvement Activities

- **Parks, Public Facilities & Infrastructure Improvements**

Various improvements to publicly owned resources in eligible neighborhoods. Improvements may include, broadband, traffic/ pedestrian circulation/calming, safety and aesthetics, accessibility improvements, trash receptacles, bike paths, lighting, public art, signage, park and playground improvements, flood drain improvements, climate resilience, historic preservation, cleanup of vacant lots and open space improvements, as well as improvements to fire stations, the Community Life Center, homeless facilities, schools and neighborhood facilities (which may include ventilation or fire

Curtis Park

suppression improvements) and other public facilities and public infrastructure, such as the area along the South River. Infrastructure improvements may also include the repaving of streets, installation of curb cuts/crosswalks, replacement of sidewalks and planting of street trees in eligible neighborhoods. Examples of projects under consideration include a rock climbing wall at Memorial Park, improvements to Curtis Park, as well as infrastructure and accessibility improvements to the City's fire stations.

Projected Accomplishments: Various park, public facility and infrastructure improvements

Proposed Funding: \$430,497

- **Downtown Improvements**

Undertake infrastructure improvements to support Salem's slum/blight area (downtown) and complement ongoing Economic Development activities. The City intends to complement the economic development efforts by contributing public investment. Projects may include street and sidewalk improvements, pedestrian circulation, safety and aesthetic improvements, accessibility improvements, tree planting, trash receptacles, traffic improvements, lighting, public art, signage and open space improvements, as well as improvements to public facilities and public infrastructure.

Projected Accomplishments: Various park, public facility, tree planting, public art, lighting, and infrastructure improvements

Proposed Funding: \$15,000. This activity may also use carried over funding from prior fiscal years.

The Neighborhood Improvement category will also include \$15,000 for program delivery costs.

Fiscal Year 2023 Social Services Activities

- **Community Support Services**

The City provides grants to nonprofit agencies for social service programs that assist homeless individuals and families, as well as low- and moderate-income Salem residents in need. Funded programs are selected through a competitive Request for Proposal process.

Proposed Accomplishments: Grants for approximately 19 social service agency programs to assist an estimated 7,928 persons.

Proposed Funding: \$177,183

Salem Park & Recreation's art class at Mack Park

Fiscal Year 2023 Social Services Funding Proposals Received:

Located within or steps from the Point Neighborhood:

- Catholic Charities - Homeless Prevention Program
- HAWC – Children’s Services for Domestic Violence Victims in Emergency Shelter
- Disability Resources Center - Housing Assistance Services
- Leap for Education - College and Career Ready Program
- North Shore CDC - Family Success Program
- Salem Police Department - Point Targeted Patrols

Located in Downtown Salem:

- Salem Pantry, Inc. – Hunger Relief Program
- Salem YMCA - Afterschool Program

Located within Salem:

- Bentley Academy Innovation School – Home Visits and Family Engagement
- Boys & Girls Club of Greater Salem - Teen Program
- The North Shore Moving Market – Food Delivery for Elderly and Disabled persons
- Salem Council on Aging - Senior Transportation Program
- Salem Council on Aging –Creative Arts Program for Senior Citizens
- Salem Council on Aging –Muscle Strength & Endurance for Senior Citizens
- Salem Park, Recreation & Community Services – Playground Enrichment Program
- The Salvation Army - Homeless Prevention Program

Located outside Salem (but available to Salem residents):

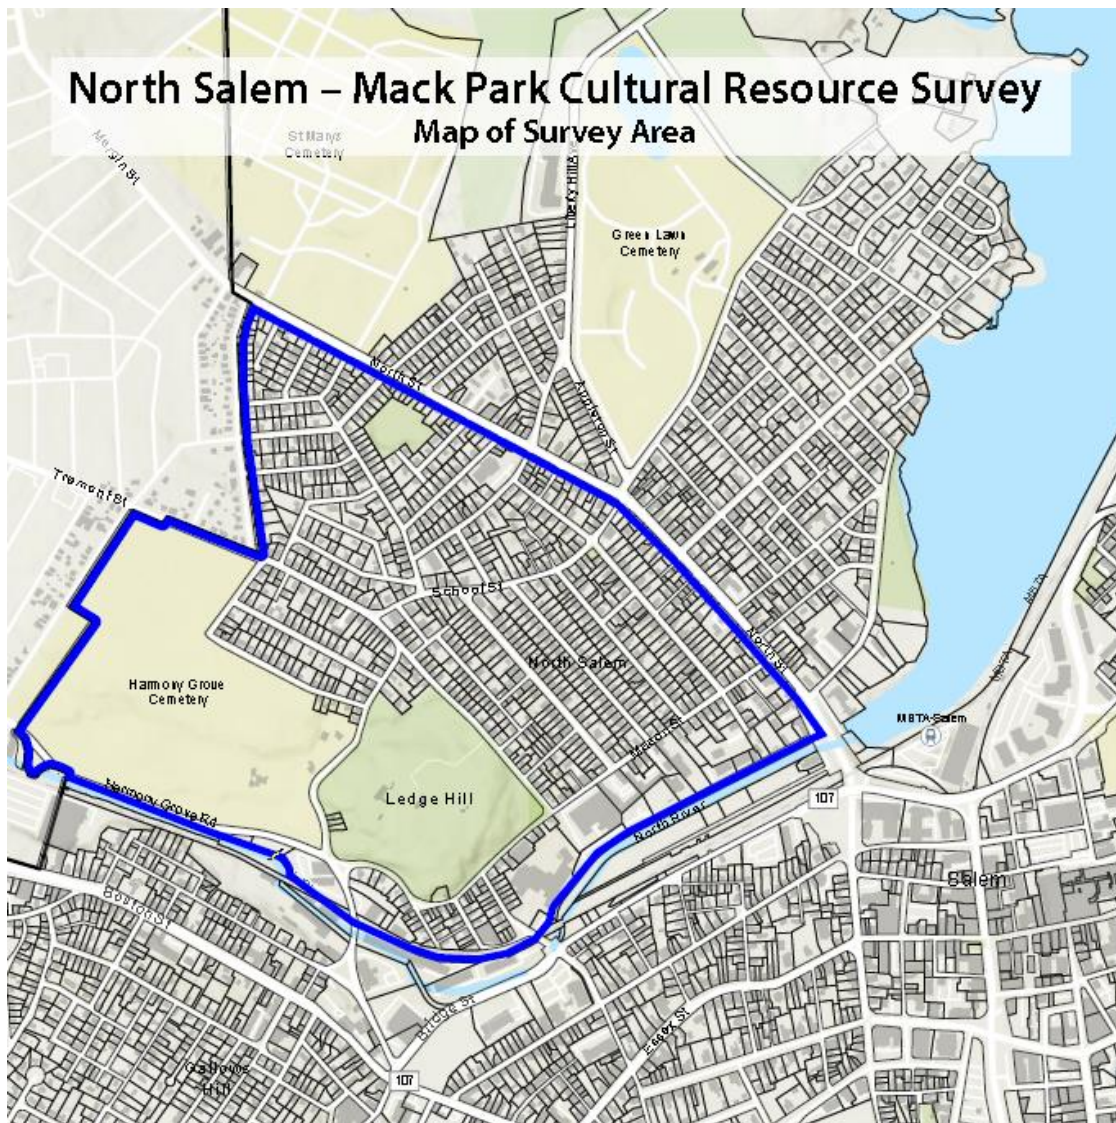

- Citizens Inn, Inc. – Haven from Hunger Food Pantry
- North Shore Community Action Programs, Inc. - Homeless Prevention Program
- Open Door Immigration Program – Increasing Community Access to Immigration Legal Services

Fiscal Year 2023 Planning & Administration Activities

- **General Program Administration**

This activity provides for the necessary general administration costs of the CDBG program oversight and coordination. It also includes the development of plans and studies and the provision of public information. General administration costs are capped at 20 percent of the available CDBG funds.

Proposed Funding: \$236,244 (salary, benefits, non-salary expenses, studies). This may include funds required to match grant funds being provided by Massachusetts Historical Commission to undertake Survey and Planning Grant projects and/or other grant-funded projects. Proposed this year is a cultural resource survey of the North Salem/Mack Park area.

Proposed Mack Park Cultural Resource Survey Boundary

Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

Introduction

Each year, the City of Salem receives federal funds for housing and community development activities. The City uses these funds to undertake housing, community and economic development projects and programs that assist low- to moderate-income individuals, families and neighborhoods.

In order to receive these funds, the City must prepare a Consolidated Plan every five years, as well as annual Action Plans to implement the five-year plan. The Consolidated Plan process identifies needs as a result of gathering information from many sources. The outcome of this needs assessment (completed through research and compilation of data and direct, personal consultations) is a comprehensive strategy for the use of Salem's federal housing and community development funds to address unmet needs identified during the Consolidated Plan process. The Consolidated Plan establishes a vision for attaining a higher quality of life for low- and moderate-income residents and each annual Action Plan outlines specific activities that work toward accomplishing that vision. Together, the Consolidated Plan and the Annual Action Plans provide a record of how Salem evaluated its needs and presents a blueprint of how it will use the funds to be received from the U.S. Department of Housing and Urban Development (HUD). Salem's current Consolidated Plan was completed in 2020 (for activities to take place from July 1, 2020 through June 30, 2025), along with the Fiscal Year 2021 Action Plan (Year 1).

This document is the City of Salem's Action Plan for Fiscal Year 2023 (Year 3). It describes the activities Salem will undertake in the next fiscal year (July 1, 2022-June 30, 2023) with CDBG and HOME Investment Partnership (HOME) funds. These funds can be used for projects or programs undertaken by the City or by organizations engaged by the City.

Community Development Block Grant (CDBG) funds are used to benefit low- and moderate-income persons or to prevent, eliminate slums or blight or address urgent needs in Salem through a variety of community development programs. CDBG is a formula-based program designed to develop viable urban communities by providing decent housing, a suitable living environment and expanded economic opportunities for persons of low- and moderate-income.

In addition, Salem is a member of the North Shore HOME Consortium and receives an allocation of **Home Investment Partnership (HOME)** funds. The City of Salem is one of thirty member communities in the North Shore HOME Consortium. HOME funds are dedicated solely for housing programs, and can be used to fund a wide range of activities that build, buy and/or rehabilitate affordable housing for rent or home ownership. Please note that while our narratives discuss the use of HOME funds, these funds are reported through the North Shore HOME Consortium.

The FY23 Action Plan, including appendices, will be located at www.salem.com, along with a companion document that provides a summary of activities proposed for FY23.

COVID-19 Pandemic - Just before the Consolidated Plan was completed, the COVID-19 pandemic occurred. Salem has made an effort to respond to new and increased needs by reprogramming available CDBG funds, as well as through the use of CDBG-CARES funds. Moving forward, with regard to urgent needs due to infectious disease or Federal/State/Local declared disasters, CDBG funds may be reprogrammed to activities to address those needs, including housing, infrastructure, public facilities, assistance to affected businesses, public services or planning, capacity building or technical assistance. Such changes may include a modification in purpose, scope, location or beneficiaries of activities and may use CDBG, CDBG-CARES or other awarded federal funds under the LMI and/or Urgent Need National Objective.

Summarize the objectives and outcomes identified in the Plan

The primary objective of HUD's Entitlement Programs is to develop viable communities through the provision of decent housing, suitable living environments, and expanded economic opportunities. Through Salem's needs assessment, several priority needs were identified, and goals were developed as corresponding to those needs. The priority needs were determined by review of data, community meetings, and public and stakeholder engagement.

Decent Housing

- Housing affordable to people of all income levels was consistently identified as a priority need by stakeholders and public participants. In particular, seniors, families, people with disabilities, low- to moderate-wage employees of businesses based in Salem, and individuals experiencing homelessness or transitioning from homelessness are most impacted by the cost of housing. Purchase prices are out of reach for low- and moderate-income households trying to become homeowners, and renters are vulnerable to displacement due to rent increases and evictions.
- Much of Salem's housing stock is in century-old, 2-4 family structures. Over 80 percent of the housing stock was built before 1979. Due to the frequent presence of stairs, lead paint, code violations, and in some cases discrimination, it can be difficult for families, disabled, senior, and minority households to find housing appropriate to their needs. Many homeowners are in housing that is inadequate or does not fit their needs because they cannot afford repairs or modifications, access financing, or find alternative housing.

Suitable Living Environment

- Needs for social services including transportation, nutrition, housing advocacy, legal services, education, childcare, crime prevention, youth and adult programming, and emergency funds for homelessness prevention were identified. Mental health issues are a concern for many homeless individuals, and access to a sustained continuum of care is critical. Incidences of drug addiction have been increasing, and more capacity is needed for prevention and treatment around substance abuse.
- Participants highlighted the need for public realm improvements to beautify LMI neighborhoods, increase tree canopies, provide safe and accessible sidewalks, improve

resiliency against flooding and the impacts of climate change, and improve circulation for pedestrians, bicycles, vehicles, and public transit.

Expanded Economic Opportunities

- There is a need for economic development to support business growth in Salem. There is a need for more local or nearby living wage jobs, as well as paths for career advancement. Access to job training and ESL classes would help to match the available work-force with jobs in the region. Services to provide orientation to new immigrants, as well as financial management or life skills to those emerging from homelessness, would help these individuals gain economic independence. Affordable childcare and after-school care is a barrier to full employment for many workers, along with transportation constraints. Support is also needed to help local businesses to thrive.

Evaluation of past performance

During the many years of Salem's CDBG Program, the City has made significant improvements to the City's physical and social environment for its low- and moderate-income residents. The CDBG program has had a strong impact in Salem, as seen through the numerous homes rehabilitated, neighborhood facilities and infrastructure improved, businesses strengthened, jobs created and families served through our public service agencies.

The annual Consolidated Annual Performance and Evaluation Report (CAPER) provides an analysis of the accomplishments and progress the City has made toward meeting the goals and objectives laid out in its Five Year Consolidated Plan. The FY22 CAPER, for the current fiscal year, will be available by September 30, 2022. The most recent CAPER, for FY21, evaluated the fifth fiscal year of the previous Five Year Consolidated Plan. HUD calculated that 98.45% of CDBG funds spent in FY21 directly benefited low- and moderate-income persons. The FY21 CAPER is available at the City of Salem Department of Planning and Community Development (DPCD), the Salem Public Library and on the City's website at www.salem.com.

Figure 1 illustrates FY21 spending by category, as a percentage of overall CDBG, CDBG-CV and HOME expenditures.

Summary of Citizen Participation Process and consultation process

As part of the process in developing the FY23 Action Plan, the DPCD conducted an initial public hearing on January 20, 2022 to seek public input from residents, businesses, social service organizations and various stakeholders. Notices of the meeting were published in the Salem News (legal ad) and on Salem Access TV, were posted at Salem City Hall, at the Salem Public Library, at the Salem Community Life Center, at the Salem Housing Authority and on www.salem.com. The notice was also emailed to a distribution list of nearly 300 representatives of social service agencies that serve Salem residents. A press release was issued to approximately twenty-five media outlets. In addition, a Request for Proposals was issued to non-profit agencies for public service, economic development and housing programs to meet Salem resident needs, as well as to city departments for public facilities and infrastructure proposals.

Copies of the Draft Action Plan were available at www.salem.com and a thirty day comment period is being held from March 31, 2022 through April 29, 2022, during which a public hearing was held on April 21, 2022. Notices of the availability of the plan were distributed in the same manner as the notices for the January public hearing. The Salem City Council authorized the submission of the Application for Federal Funding at its meeting of April 14, 2022.

Summary of public comments

A summary of public comments from the citizen participation process can be found in section AP-12 of this Action Plan.

Summary of comments or views not accepted and the reasons for not accepting them.

All comments and views were taken into consideration in preparation of this Consolidated Plan.

Summary

The City of Salem has identified a wide range of activities designed to develop and maintain affordable housing, improve neighborhood facilities, provide economic opportunities, improve access for people with disabilities, provide critical public services, assist people who are homeless, and prevent homelessness. The FY23 Action Plan includes many of Salem's core programs in the categories of affordable housing, economic development, neighborhood improvements, public services and planning and administration, including:

- Housing Rehabilitation Loan Program
- First Time Homebuyer Downpayment Assistance Loan Program
- Rental Downpayment Assistance Program
- Affordable Housing Development
- Small Business Financial Assistance Programs
- Business Technical Assistance
- Parks, Public Facilities & Infrastructure Improvements
- Neighborhood Street and Sidewalk Improvements/Tree Planting
- Community Support Services
- General Program Administration and Rehabilitation Administration

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

Introduction

In 2019, the City of Salem retained a consultant, Community Opportunities Group, Inc. (COG), to prepare its Five Year Consolidated Plan (covering city Fiscal Years 2021-2025) and first year Action Plan (FY21). In developing this Consolidated Plan, a series of nine community meetings and focus groups were held throughout the city, including a public hearing. The meetings were held at the Salem Housing Authority, at neighborhood meetings within specific wards with large low- and moderate-income (LMI) populations, in the City Hall offices, at the Community Life Center, at community organizations, and at Salem State University, to reach as broad of a population as possible. The focus groups targeted persons with disabilities, housing service providers, businesses and seniors. Individual stakeholder interviews were conducted with city staff, social service providers, residents, business owners, and other persons and organizations familiar with local needs. To supplement these, COG interviewed and consulted with staff from provider agencies who serve Salem residents, both those located in and outside of Salem. In addition, an on-line survey (in Spanish and English) generated 455 responses. A second public hearing was held during the 5-day comment period after the release of the Draft plans.

For this Action Plan (FY23), the process began with a public hearing on January 20, 2022 to solicit community comments. A Request for Proposals was issued for public service, economic development and housing programs, as well as to City departments for public facilities and infrastructure improvement proposals. Following development of the plan, a second public hearing was held on April

21, 2022. The City Council authorized submission of the Application for Federal Funding on April 14, 2022.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The City works cooperatively with private housing providers and private and governmental health, mental health, and service agencies and other interested parties to implement its Consolidated Plan.

The DPCD leads Salem H.O.P.E. (Human Organization Partnership Effort), a networking group of human service agencies that serves Salem residents. Salem H.O.P.E. provides an opportunity for agencies to learn about the services being provided by other agencies in order to fill in gaps, coordinate efforts and avoid duplication of services. Prior to the pandemic all human service agencies were invited to attend the quarterly Salem H.O.P.E. breakfast meetings held at rotating agency locations. Through this program, agency representatives (re-)introduced to each other and exchange information, announcements and updates. Since the COVID-19 pandemic, Salem HOPE does not meet. However, remaining active was the Salem HOPE distribution list for agencies to share virtual events, programs, job opportunities and other information

The DPCD coordinates with the Salem Housing Authority (SHA) to address the housing needs of Salem's lower-income residents. Proposed development sites or demolition or disposition of existing public housing developments must follow established regulatory procedures administered by City agencies. Some of these, such as the Board of Appeals and Planning Board, have staff support from the DPCD. The SHA recently received an award of Salem Community Preservation Act funds to coordinate a Transitional Housing Program.

The City also works with nonprofit agencies to administer social service activities. The City issues an annual Request for Proposals (RFP) for CDBG public services funding to undertake priority programs outlined in the Consolidated Plan. Additionally, the City cooperates and coordinates with other agencies and funding sources to support specific activities, such as MassHousing's "Get the Lead Out" and Massachusetts Housing Partnership's "One Mortgage" program.

The City of Peabody is the lead community for the North Shore HOME Consortium. Salem works with the consortium to coordinate the implementation of its HOME-funded programs. Salem also works with local CHDOs and CDCs to carry out priority activities.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The former North Shore CoC, previously led by the City of Peabody, merged with the Balance of State CoC (BofS). The BofS CoC, in cooperation with the Massachusetts Department of Housing and Community Development, implements the continuum's homelessness strategy across 120 member

communities. This encompasses the administration of federal and state resources, submission of the Consolidated Application for McKinney-Vento funds, completion of regional needs assessments, and supervision of projects addressing homelessness assistance and prevention. One focus of the monthly meetings is on how the participants in the BofS may increase their attention to equity, diversity and inclusion, relative to serving the homeless population.

The City relies on its CDBG funding to address homeless needs and conduct homelessness prevention activities through public social services funding. Each year, through the public services program, the City of Salem solicits proposals from nonprofit organizations for housing and community services. Through this process, the City funds various homeless programs which may include rental down payment assistance, homelessness prevention emergency assistance, medical services, outreach, and transitional housing. Salem provides NSCAP, Salvation Army, and Catholic Charities with CDBG funding for Homelessness Prevention Programs and provides HOME funding to NSCAP and Citizens for Adequate Housing to assist households with first/last/security payments for rental housing. In addition, NSCAP receives funding for a Housing First program, tenant based rental assistance targeted to high-risk homeless individuals.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS.

The City of Salem does not receive a direct award of ESG funds. MA DHCD oversees ESG Funds through the BofS and indirectly funds Lifebridge in Salem.

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The NSCDC provided input through focus group meetings and interviews, and contributed data for the Needs Analysis and Market Analysis. NSCDC will continue to coordinate with the City of Salem to carry out projects in implementation of the Strategic Plan. For the FY23 plan, representatives of the agency submitted a comment letter.

Identify any Agency Types not consulted and provide rationale for not consulting

During development of the 5-Year Consolidated Plan, twenty-three agencies/groups/organizations participated in the process. A list of all the agencies is provided in Table 2 of PR-10. To the City's knowledge, it consulted with all relevant agency types.

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	DHCD	Salem DPCD works with member agencies in implementation of the Strategic Plan to support and enhance its existing programs that address at-risk and homeless families.

Table 3 - Other local / regional / federal planning efforts

Narrative

Table 3 of the 5-Year Consolidated Plan outlines eleven local/regional/federal planning efforts considered when preparing the plan. The DPCD coordinates and communicates with other municipal departments, local and regional agencies, and public and private housing organizations. The DPCD communicates regularly with its subrecipients and subcontracted agencies delivering social services. The DPCD also works with the Salem Housing Authority, nonprofit organizations and housing developers to produce affordable housing in the City.

AP-12 Participation - 91.401, 91.105, 91.200(c)

Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

In developing the 5-Year Consolidated Plan, the City and the City's consultant preparing the plan held a series of nine community and focus group meetings throughout the city, including a public hearing. The meetings were held at the Salem Housing Authority, at neighborhood locations within specific wards with large LMI populations (such as at Espacio and at Salem State University), in the City Hall offices, at Old Town Hall, at the Community Life Center, and at Salem Access Television, to reach as broad of a population as possible. The focus groups targeted persons with disabilities, housing providers, businesses and seniors, while individual stakeholder interviews were conducted with city staff, service providers, residents, business owners, and other interested parties. To augment the outreach process, the City conducted an online survey in English and Spanish (also available in a hard copy format), for which the City had 455 responses. All public comment was considered during the development of the draft and final plans.

For the FY23 Action Plan, citizen participation included a public hearing on January 20, 2022 held virtually on Zoom, and the collection of written comment. In order to include broad public participation, outreach to participate includes an English/Spanish legal notice in the Salem News and an English/Spanish notice posted at City Hall & City Hall Annex. Notices were provided to the Salem Public Library, Salem Council on Aging and the Salem Housing Authority for posting. An English/Spanish Community Bulletin Board request was posted with Salem Access Television. Notices and a cover letter were provided to all City Councilors. A press release was sent to the Salem News and other media. The public hearing notice was also posted on the City's website and was mailed or emailed to various social service agencies and neighborhood associations.

The City publicized the availability of the draft Action Plan and the date/time of the public hearing and the public comment period in several ways in order to obtain broad public comment. An English/Spanish Community Bulletin Board request was provided to Salem Access Television. An English/Spanish legal ad was published in the Salem News indicating the availability of plans and providing notice of the 30-day comment period and scheduled public hearing. English/Spanish notices were posted at City Hall and City Hall Annex and on www.salem.com. Notices were provided to the Salem Public Library, Salem Council on Aging and the Salem Housing Authority, and were emailed to the Salem H.O.P.E. distribution list,

subrecipient agencies and various City departments. A press release was sent to the Salem News and other media.

The plan was made available for download on www.salem.com.

The public comment period commenced on March 31, 2022 and ended on April 29, 2022. A public hearing was held on April 21, 2022 virtually on Zoom.

The City Council approved submission of the Application for Federal Assistance on April 14, 2022.

Received a comment by email from the North Shore Home Consortium.	Staff from the North Shore Home Consortium emailed a comment letter stating that in February of 2021 the North Shore Continuum of Care (MA-510) voted to merge with the Balance of State Continuum of Care (MA-516) and offered edits regarding Continuum of Care efforts.	All comments were accepted and revisions have been made in Section AP-10 response to the comments.	

Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

Introduction

The City of Salem receives Community Development Block Grant (CDBG) funds from HUD to benefit low- and moderate-income persons or to prevent or eliminate slums or blight in Salem through a variety of community development programs. CDBG is a formula-based program designed to develop viable urban communities by providing decent housing, a suitable living environment, and expanded economic opportunities for persons of low- and moderate income. Salem expects to receive a \$1,056,224 allocation for FY23.

As one of 30 member communities of the North Shore HOME Consortium, Salem receives an allocation of Home Investment Partnership (HOME) funds from HUD. HOME funds are dedicated solely for housing programs, and can be used to fund a wide range of activities that build, buy and/or rehabilitate affordable housing for rent or home ownership. The Consortium, through its lead community of Peabody, submits a Consolidated Plan for operating the HOME program. An allocation of approximately \$180,000 is anticipated for FY23.

Along with HUD funds, housing and economic loan programs generate program income, which the City directs to existing or new programs as needed. Income is generated as loans are repaid or recaptured from an assisted property or business. The City estimates it will generate approximately \$125,000 annually in program income.

In addition to these resources, many activities leverage funding from other government and private sources to maximize the impact of the federal dollars the city receives.

The Community Preservation Act (CPA) was adopted by Salem voters in 2012, establishing a local fund for open space, historic preservation, outdoor recreation, and affordable housing. It is financed by a property tax surcharge of 1%, along with annual matching funds from the statewide CPA Trust Fund. These funds can be used for a variety of purposes, including activities that acquire, create, preserve, support and rehabilitate/restore housing for low- and moderate-income households. Massachusetts CPA regulations require that a minimum of 10% of annual CPA revenues be set aside or spent for each of the program areas, including affordable housing, open space and recreation, and historic preservation, and the remaining 70% may be dedicated to any eligible program area. The amount of state matching funds varies depending on the availability of funds and the number of communities participating, ranging between 17-31% in the past five years. In FY21, the local surcharge revenues were \$750,636 generating \$205,579 in State match funds.

Several housing and community development programs are carried out by non-city agencies that operate through a variety of funding resources. Together, these resources fund a wide range of activities designed to develop and maintain affordable housing, improve neighborhood public facilities, provide economic opportunities, improve access for people with disabilities, provide critical public services,

assist people who are homeless, and prevent homelessness. The City will continue to work with community and regional partners to identify further funding opportunities that can be used to support affordable housing and other objectives served by CDBG programs.

Table 1 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The following summarizes the funds typically leveraged:

- *First Time Homebuyer Program*: Homebuyers provide matching funds and obtain financing from a primary lender.
- Housing development projects by NSCDC have combined Low-Income Housing Tax Credits and other state, federal funding, as well as private fundraising, grants, financing, and program fees.
- State programs such as *Get the Lead Out* and *MassSaves* have been used to assist in home rehabilitation.
- In FY21, NSCAP leveraged \$572,227 through the LIHEAP (Fuel Assistance) program, keeping 1,490 people (adults and children) warm.
- The *Salem Main Streets Program* leverages approximately \$124,000 annually through state/local funds, business contributions, private funds, event fees and donations.

- Salem is a Gateway City, making it eligible for certain State funds.
- Salem received \$75,000 through the Massachusetts Office on Disability (MOD) to complete an ADA transition plan, which enables the City to request additional funding to implement projects identified in the plan. The plan was completed in December, 2019.
- Salem is a Housing Choice Community. This designation provides Salem exclusive access to a Housing Choice Grant. In 2021 Salem was awarded funding toward construction services to replace 1,400 feet of a 100-year-old water main.
- Most subrecipient, non-profit agencies use CDBG as a portion of their overall activity budgets. Based on reports provided by each agency at the end of the program year, the amount leveraged in 2021 was 2.1 million in other federal, state, private or other funds.
- The City's Capital Improvement Program provides funding annually on a project-specific basis for both CDBG and non-CDBG activities.
- The City's General Fund, State Chapter 91 and various federal, state and private grant or loan programs are often sources for brownfields, parks, and infrastructure improvements. Examples of these include Parkland Acquisitions and Renovations for Communities (PARC), Environmental Protection Agency, National Endowment for the Arts, MassDevelopment Brownfields Assessment Program, MA Office of Coastal Zone Management, MassWorks, the Massachusetts Preservation Projects Fund, Green Communities, the Cultural Facilities Fund, and the Gateway Cities Park Program.
- In 2021 the city received \$3.25 million to construct planned improvements on multiple streets and intersections throughout the Point neighborhood, including new road surfaces, sidewalks, trees, crossings, and accessibility enhancements and \$45,000 was awarded for the continuation of design and start of implementation for the planned North Street Connector Path, to link North Salem with the MBTA station and downtown Salem in a more accessible and pedestrian-friendly manner. Both were MassWorks grants.
- The City provides about \$758,600 annually for planning and administration costs.
- Additional planning funds and technical assistance have been obtained through Massachusetts Historical Commission, MassHousing, Massachusetts Housing Partnership and Metropolitan Area Planning Council.

The City may consider submitting an application for a Section 108 loan in the future for housing, economic development and/or public facilities/infrastructure improvements.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City is studying several publicly owned sites and if it is feasible to develop affordable homes on the publicly owned land, the City may leverage that land to address the need for more affordable homes. In 2021 the Urban Land Institute commenced a technical assistance panel to analyze the challenges and opportunities of increasing its affordable housing stock by developing the City's high school property.

Public infrastructure and facilities including buildings, parks, roads, sidewalks, the Community Life Center and other public properties continue to enhance the mobility, economic vitality, and quality of life for low- and moderate-income persons.

Table 4 – Goals Summary

Goal Descriptions

1	Goal Name	Improve the Condition of Existing Housing.
	Goal Description	Offer financial and technical assistance to eligible homeowners and investor-owners to improve housing units, including improvements for accessibility for low- to moderate-income renters through the Housing Rehabilitation Loan Program. The goal is also to offer assistance to rehabilitate CHDO, non-profit owned or Salem Housing Authority owned affordable housing.
2	Goal Name	Increase the Supply of Affordable Housing
	Goal Description	Support the Salem Housing Authority, Affordable Housing Trust Fund Board, local non-profit housing organizations and CHDOs seeking to acquire, create, preserve, and/or renovate affordable units. This activity will use carried-over funds identified in FY20/21.
3	Goal Name	Facilitate Homeownership
	Goal Description	Offer financial assistance to eligible households in the form of loans for downpayments and closing costs through the First-Time Homebuyer Downpayment Assistance Program.
4	Goal Name	Financially Support Small Businesses
	Goal Description	Provide a Business Loan Program and a Storefront Improvement Program for new, emerging or expanding small businesses that create or retain jobs for low-and moderate-income workers, address building code violations, handicapped access, and/or leverage private investment.
5	Goal Name	Offer Business Technical Assistance
	Goal Description	Offer technical assistance, training, design guidance, location service, and referrals for owners of microenterprises or businesses that create or retain jobs for low- and moderate-income workers. Provide program delivery for the business loan program, oversight of the Salem Redevelopment Authority, and funding for the Salem Main Streets, North Shore CDC's Small Business Engagement Program and other economic development programs.

6	Goal Name	Provide Community Support Services
	Goal Description	Provide grants to nonprofit agencies for social services programs such as homelessness and foreclosure prevention, housing education, food distribution, homeless services, job training, senior transportation, childcare, crime prevention, immigrant services, ESL and citizenship education, youth activities, senior services, adult education (financial literacy, computer training, etc.), and substance abuse prevention, and other programs that advance self-sufficiency, reduce household financial burdens, or improve the quality of life, as well as other special services (legal assistance, program navigation). Also support programs that provide supplemental education and/or engagement programs to increase public school students' academic achievement and ability to move on to higher education.
7	Goal Name	Invest in Parks Infrastructure & Public Facilities
	Goal Description	Undertake public facility, infrastructure and traffic/pedestrian improvements that enhance the quality of life in eligible neighborhoods, such as, broadband, parks/playgrounds, tree planting, lighting, public art, signage, bike paths, streets, sidewalks, crosswalks, pedestrian safety, safety/security, trash receptacles, traffic calming, flood drain improvements, climate resilience, accessibility, and improvements to fire stations, the Community Life Center, schools, Lifebridge's homeless day center and/or the area along the South River. Examples of projects under consideration include public art at the Community Life Center, neighborhood history signage in Blubber Hollow, accessible equipment at Mack Park (picnic tables, water fountain and spigot), reconstruction of Endicott and Pratt Streets, pedestrian improvements at the median strip along Washington Street, installation of new catch basins and drain structure, with street resurfacing, between Prince and Congress Street.
8	Goal Name	Improve Downtown Slums/Blight Area
	Goal Description	Undertake infrastructure improvements to support Salem's Downtown Renewal Area and complement ongoing Economic Development activities. Projects may include but are not limited to street & sidewalk improvements, tree planting, trash receptacles, traffic/pedestrian improvements, bike paths, accessibility, lighting, public art, signage and open space improvements, as well as improvements to public facilities and public infrastructure. As public facility and infrastructure project locations are identified, such as street improvements and tree planting, funds from the goal of "Invest in parks Infrastructure & Public Facilities" may be transferred to this goal.
9	Goal Name	Undertake Planning & Administration
	Goal Description	The City will continue to undertake the planning and general administration necessary to manage the CDBG program and to carry out studies and initiatives that address specific needs and strategies.

AP-35 Projects - 91.420, 91.220(d)

Introduction

Salem will carry out the following programs to address the goals identified in the Five Year Consolidated Plan:

- **Affordable Housing** - Support for public housing authority, housing trusts, local non-profit housing organizations and CHDOs seeking to acquire, create, preserve, and/or renovate affordable units or to offer programs that provide gap funding assistance.
- **Downpayment Assistance for First Time Homebuyers** - Financial assistance to eligible households in the form of loans for downpayments and closing costs.
- **Housing Rehabilitation Program** - Offer financial and technical assistance to eligible homeowners and investor-owners to improve housing units, including improvements for accessibility.
- **Business Technical Assistance** - Technical assistance, training, design guidance, location service and referrals for owners of microenterprises or businesses that create or retain jobs for low- and moderate-income workers. Program delivery for the business loan program, oversight of the Salem Redevelopment Authority and funding for the Salem Main Streets Program and the Small Business Engagement Program offered by North Shore CDC or others.
- **Small Business Financial Assistance Programs** - Business Loan Program and Storefront Improvement Program for new, emerging or expanding small businesses that create or retain jobs for low- and moderate-income workers or eliminate or prevent slum/blight conditions, address building code violations and/or improve access, and/or leverage private investment.
- **Community Support Services** - Grants to nonprofit agencies for social services programs such as homelessness and foreclosure prevention, housing education, food distribution, homeless services, job training, senior transportation, childcare, crime prevention, immigrant services (cultural orientation and acclimation), ESL and citizenship education, youth activities, senior services, adult education (financial literacy, computer training, etc.) and substance abuse prevention, and other programs that advance self-sufficiency, reduce household financial burdens or improve the quality of life, as well as other special services (legal assistance, program navigation guidance). Also to support programs that provide supplemental education and/or engagement programs to increase public school students' academic achievement.
- **Neighborhood Improvement Activities** - Undertake public facility and infrastructure improvements that enhance the quality of life in eligible neighborhoods, such as, broadband, parks/playgrounds, tree planting, lighting, public art, signage, bike paths, streets, sidewalks, crosswalks, pedestrian safety, trash receptacles, traffic calming, climate resilience, accessibility, Community Life Center, fire stations, schools, etc.
- **Downtown Improvements** - Public facilities and infrastructure improvements that are located in Salem's Downtown Renewal area and/or benefit people with disabilities such as lighting, signage, pedestrian safety, streets, sidewalks, crosswalks, trash receptacles, accessibility, public art and/or tree planting.
- **General Program Administration** - Planning and general administration is necessary to provide the tools needed to manage the CDBG program, as well as the development of plans and studies and the provision of public information.

Table 5 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs:

During the development of the Five Year Consolidated Plan, Salem residents identified the community development needs and goals for Fiscal Years 2021-2025. The priority needs identified during the extensive public process included the need for affordable housing, economic development, neighborhood improvement, and social services. The City has based its funding allocations on the identified needs. The proposed activities and expected accomplishments are intended to address those needs, with the goals and accomplishments calibrated to projected funding levels. At least 70% of the FY23 CDBG funding will be used for activities that benefit low- and moderate-income persons.

- **Affordable Housing** - Approximately 8% of CDBG funding (including estimated program income) in FY23 will be allocated to affordable housing, along with 100% of Salem’s HOME funding allocation through the North Shore Home Consortium. This funding will be used to facilitate rehabilitation, acquisition and rental assistance for low- and moderate-income households.
- **Economic Development** – The City intends to allocate approximately 19% of its CDBG funding for FY23 to efforts to revitalize commercial districts, improve exterior building facades, and assist new and existing business owners (including microenterprises), through financial and technical assistance.
- **Social Services** - The City intends to allocate the maximum allowable amount of 15% to support a broad range of social service programs that are consistent with the needs and goals identified in the Five Year Consolidated Plan.
- **Public Facilities and Infrastructure Improvements** - Approximately 38% of the City’s FY23 CDBG funding will be allocated towards public facilities and infrastructure improvements projects in LMI neighborhoods and in the Downtown Renewal Area.
- **Program Administration** - Not more than 20% will be allocated for the necessary general administration costs for program oversight and coordination, including plans and studies.

The primary obstacle to addressing underserved needs in the categories listed above is the lack of adequate funding. For FY23, the City’s allocation of CDBG funds is approximately a 4% decrease from

FY22, while its HOME allocation is projected to be level funded. However, it should be noted that CDBG funding has been reduced by approximately 22% since 2010, while HOME funding has been reduced by approximately 14%.

The COVID-19 pandemic began during the final stages of the development of the 5-Year Consolidated Plan. Salem made an effort to respond to new and increased needs, by reprogramming available FY19 CDBG funds, as well as through the use of CDBG-CARES funds. Moving forward, with regard to urgent needs due to infectious disease or Federal/State/Local declared disasters, CDBG funds may be reprogrammed to activities to address those needs, including housing, infrastructure, public facilities, assistance to affected businesses, public services or planning, capacity building or technical assistance. Such changes may include a modification in purpose, scope, location or beneficiaries of activities and may use CDBG, CDBG-CARES or other awarded federal funds under the LMI and/or Urgent Need National Objective.

AP-38 Project Summary

Project Summary Information

1	Project Name	Housing Rehabilitation Programs
	Target Area	City-wide
	Goals Supported	Improve the Condition of Existing Housing.
	Needs Addressed	Affordable Housing
	Funding	CDBG \$78,300
	Description	Offer financial and technical assistance to eligible homeowners and investor-owners to improve housing units, including improvements for accessibility, through the Housing Rehabilitation Loan Program. Offer assistance to rehabilitate CHDO, non-profit owned or Salem Housing Authority owned affordable housing. This activity will use carried-over funds identified in FY21/22.
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	A minimum of one LMI family will be assisted. This activity may also use carried over funding from the prior year to complete additional units.
	Location Description	This activity would be offered city-wide to income-eligible households.
	Planned Activities	Housing Rehabilitation Loan Program Inspectional Services Rehabilitation Administration
2	Project Name	Affordable Housing
	Target Area	City-wide
	Goals Supported	Increase the Supply of Affordable Housing
	Needs Addressed	Affordable Housing
	Funding	CDBG \$0
	Description	Support the Salem Housing Authority, Affordable Housing Trust Fund Board, local non-profit housing organizations and CHDOs seeking to acquire, create, preserve, and/or renovate affordable units. This activity will use carried-over funds identified in FY20/21.
	Target Date	6/30/2023

	Estimate the number and type of families that will benefit from the proposed activities	This activity may use carried over funding from the prior year to complete units indicated in a prior plan.
	Location Description	This activity would be offered city-wide.
	Planned Activities	Pre-development, acquisition and/or rehabilitation of affordable housing units, for households at or below 80% of AMI. As projects are designated, individual activities are set up.
3	Project Name	First Time Homebuyer Program
	Target Area	City-wide
	Goals Supported	Facilitate Homeownership
	Needs Addressed	Homeownership Assistance
	Funding	CDBG \$15,000
	Description	Financial assistance to eligible households in the form of loans for downpayments and closing costs through the First Time Homebuyer Downpayment Assistance Loan Program. In addition to basic downpayment assistance, the program offers an increase over the maximum loan amount for homeowners who complete First-Time Homebuyer Counseling through a qualified training program.
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	These funds have not yet been associated with specific addresses. It is estimated that a minimum of 2 families of very low, low or moderate income will be assisted.
	Location Description	This activity would be offered city-wide to income-eligible households.
	Planned Activities	Loan Pool for downpayment assistance loan program. As individual activities are set up for first time homebuyer loans, the loan pool is reduced.
4	Project Name	Small Business Financial Assistance Programs
	Target Area	City-wide, LMI Areas, Downtown
	Goals Supported	Financially Support Small Businesses
	Needs Addressed	Economic Development
	Funding	CDBG \$44,000

	Description	<p>Provide a Business Loan Program for new, emerging or expanding small businesses that create or retain jobs for low- and moderate-income workers, address building code violations and/or handicapped access, and/or leverage private investment. The program provides these types of loans:</p> <ul style="list-style-type: none"> • Microenterprise Assistance - provides loans to low- to moderate-income entrepreneurs to assist with their microenterprise business (5 or fewer full-time employees, including the owner). • Commercial Revitalization - provides loans to business owners in the downtown and eligible neighborhood districts to assist with the exterior rehabilitation of their business and/or to correct code violations. • Special Economic Development - provides loans to business owners throughout the city in exchange for job creation and/or job retention for low- and moderate-income people. <p>Provide a Storefront Improvement Program to help improve the physical appearance of districts by advocating for appropriate design and historic preservation.</p>
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	It is estimated that one business will be assisted, creating a minimum of 2 LMI jobs.
	Location Description	This activity would be offered city-wide to micro-enterprise businesses or businesses that agree to create/retain LMI jobs.
	Planned Activities	Small Business Loan Program Storefront Improvement Program
5	Project Name	Business Technical Assistance
	Target Area	City-wide, LMI Areas, Downtown
	Goals Supported	Offer Business Technical Assistance
	Needs Addressed	Economic Development
	Funding	CDBG \$185,000

	Description	The City's Economic Development Planner assists with new business location or existing business relocation, walks new businesses through the permitting process, coordinates available loan programs, provides design guidance, develops tax increment financing agreements, coordinates the development of neighborhood and economic development plans, manages the Salem Main Streets contract, manages the North Shore CDC Small Business Engagement contract, and liaises between businesses and the Salem Redevelopment Authority, as well as with state economic development agencies to provide businesses with access to tax credits and other incentives. The Salem Main Streets and the North Shore CDC programs receive CDBG support to provide technical assistance to small businesses including one-on-one consultations on facility design, appearance and marketing (including social media), target market research, business plan development, business models, advocacy, strategy, expansion assistance, peer support, recognizing/addressing operating and financial risks, location assistance for new or relocating businesses, business structuring (i.e. sole proprietor vs LLC), sales project analysis, building brand awareness, IT services, securing capital assistance, permitting navigation, client analysis, event planning, community engagement, developing partnerships, improved business operations, inventory assistance, supply chain management analysis, goal setting, patent applications, wholesale pitch development, increase sales opportunities, hiring, and general business planning.
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	It is estimated that a minimum of six LMI jobs will be created.
	Location Description	This program would be available to eligible businesses city-wide.
	Planned Activities	Salem Main Streets Program Economic Development Program Delivery Small Business Engagement Program
6	Project Name	Neighborhood Improvement Activities
	Target Area	LMI Areas, City wide
	Goals Supported	Invest in Parks Infrastructure & Public Facilities
	Needs Addressed	Neighborhood Public Facilities and Infrastructure
	Funding	CDBG \$430,497.00

	Description	Undertake public facility, infrastructure and traffic/pedestrian improvements that enhance the quality of life in eligible neighborhoods, such as broadband, parks/playgrounds, tree planting, lighting, public art, signage, bike paths, streets, sidewalks, crosswalks, pedestrian safety and aesthetics, trash receptacles, traffic circulation/calming, flood drain improvements, climate resilience, historic preservation, accessibility, clean-up of vacant lots, open space improvements and improvements to the Community Life Center, homeless facilities, fire stations, schools, and neighborhood facilities (which may include ventilation or fire suppression improvements), and/or the area along the South River. Examples of projects under consideration include a rock climbing wall at Memorial Park, improvements to Curtis Park, as well as infrastructure and accessibility improvements to the City's fire stations.
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	Projects will be undertaken in LMI neighborhoods. Per the American Community Survey 2011-2015 5-year estimates, it is estimated that Salem has 21,395 or 52.7% residents that are LMI persons. LMI neighborhoods have 17,600 total persons of which 12,180 or 69.2% are LMI persons. We have used 17,600 as the estimate for the number of persons to be assisted.
	Location Description	These activities will be located in LMI neighborhoods as well as at locations of public facilities that serve LMI and/or presumed benefit persons.
	Planned Activities	Street Improvements Pedestrian and accessibility improvements Tree Planting Park Improvements Point Neighborhood Improvements Homeless Facility Improvements Public Facility Improvements Climate Resilience Infrastructure Improvements
7	Project Name	Community Support Services
	Target Area	City-wide
	Goals Supported	Provide Community Support Services
	Needs Addressed	Public Services
	Funding	CDBG: \$177,183

Description	Through a Request for Proposals process, provide grants to nonprofit agencies for social services programs such as homelessness and foreclosure prevention, housing education, food distribution, homeless services, job training, senior transportation, childcare, crime prevention, immigrant services (cultural orientation and acclimation), ESL and citizenship education, youth and senior programming, adult education (financial literacy, computer training, etc.) and substance abuse prevention and treatment, and other programs that advance self-sufficiency, reduce household financial burdens or improve the quality of life, as well as other special services (legal assistance, program navigation guidance). Also to support programs that provide supplemental education and/or engagement programs to increase academic achievement for public school students.
Target Date	6/30/2023
Estimate the number and type of families that will benefit from the proposed activities	Approximately 7,928 persons will be assisted through approximately 19 social service programs. It is estimated that 96% of the persons served will be very low, low or moderate income. This activity may also use CDBG-CARES funds for additional persons served.
Location Description	This activity would be available to non-profit agencies that serve LMI or presumed benefit clientele.
Planned Activities	<p>Grants for approximately 19 social service programs. <i>FY23 Social Services Funding Proposals Received:</i></p> <p>Located within or steps from the Point Neighborhood:</p> <ul style="list-style-type: none"> • Catholic Charities - Homeless Prevention Program • HAWC – Children’s Services for Domestic Violence Victims in Emergency Shelter • Disability Resources Center - Housing Assistance Services • Leap for Education - College and Career Ready Program • North Shore CDC - Family Success Program • Salem Police Department - Point Targeted Patrols <p>Located in Downtown Salem:</p> <ul style="list-style-type: none"> • Salem Pantry, Inc. – Hunger Relief Program • Salem YMCA - Afterschool Program <p>Located within Salem:</p> <ul style="list-style-type: none"> • Bentley Academy Innovation School – Home Visits and Family Engagement • Boys & Girls Club of Greater Salem - Teen Program • The North Shore Moving Market – Food Delivery for Elderly and Disabled persons • Salem Council on Aging - Senior Transportation Program • Salem Council on Aging –Creative Arts Program for Senior Citizens • Salem Council on Aging –Muscle Strength & Endurance for Senior Citizens

		<ul style="list-style-type: none"> Salem Park, Recreation & Community Services – Playground Enrichment Program The Salvation Army - Homeless Prevention Program Located outside Salem (but available to Salem residents): <ul style="list-style-type: none"> Open Door Immigration Program – Increasing Community Access to Immigration Legal Services Citizens Inn, Inc. – Haven from Hunger Food Pantry North Shore Community Action Programs, Inc. - Homeless Prevention Program
8	Project Name	Downtown Improvements
	Target Area	Downtown
	Goals Supported	Improve Downtown Slums/Blight Area
	Needs Addressed	Downtown Public Facilities and Infrastructure
	Funding	CDBG: 15,000
	Description	Undertake infrastructure improvements to support the Downtown Renewal Area and complement ongoing Economic Development activities. Projects may include, but are not limited to, street & sidewalk improvements, accessibility tree planting, trash receptacles, traffic/pedestrian improvements, lighting, public art, bike paths, signage and open space improvements, as well as improvements to public facilities and public infrastructure.
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	<p>4,735 persons are located within the block groups that comprise the Downtown (slum/blight area):</p> <ul style="list-style-type: none"> 2045003 – pop 710 2045002 – pop 1,250 2042002 – pop 495 2042003 – pop 1,250 2043001 – pop 1,030 <p>As public facility and infrastructure project locations are identified, such as street improvements and tree planting, funds from the goal of "Invest in parks Infrastructure & Public Facilities" may be transferred to this goal.</p>
	Location Description	This activity would be located within the Downtown Renewal Area as depicted on the LMI Map.
	Planned Activities	Slum/blight area improvements.
9	Project Name	Planning & Administration
	Target Area	LMI Areas, Downtown, City-wide
	Goals Supported	Undertake Planning & Administration
	Needs Addressed	Affordable Housing, Homeownership Assistance, Economic Development, Public Services, Neighborhood Public Facilities and Infrastructure, Downtown Public Facilities and Infrastructure

	Funding	CDBG: \$236,244.00
	Description	Cover costs associated with planning and general administration in order to provide the tools needed to manage the CDBG program, as well as the development of plans and studies and the provision of public information.
	Target Date	6/30/2023
	Estimate the number and type of families that will benefit from the proposed activities	Not applicable
	Location Description	Not applicable
	Planned Activities	General Program Administration Planning Studies

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

As of 4/1/19, HUD announced the publication of low- and moderate-income summary data based on the American Community Survey 2011-2015 5-year estimates (2015 ACS). According to the ACS, Salem is now 52.7% low- to moderate-income households and there are fifteen census block groups that make up the areas of LMI concentration, having a majority of households who earn less than 80% of area median income. They include the neighborhood roughly between Boston and Dunlap/Balcomb Streets; certain streets surrounding Ord Street; the area bordered by Jackson, Essex, Boston, Pope and Proctor Streets, Highland Avenue, Willson Street and Jefferson Avenue; a neighborhood along Loring Avenue (from Leggs Hill Road to the City line); a neighborhood bordered by North, Dearborn, Felt, Sargent and Kernwood Streets; and a large, contiguous, 9 block group area that includes portions of the downtown, the Point Neighborhood and South Salem, boarded by Bentley, Essex, Summer, Broad Street and Hathorne Streets, Jefferson Avenue, crossing over to and along the railroad thru to the bike path parallel to Raymond Road until the Marblehead line, then proceeding up Lafayette Street to Willow Avenue and the Atlantic Ocean, (with the exception of one block group – 2042.004). There is overlap between the established Downtown Renewal Slum/Blight Area and three LMI block groups. Seven of the fifteen total LMI block groups each contain more than 70% LMI households (the three block groups with the highest percentage of LMI households located in Point Neighborhood). The Point neighborhood also has the highest concentration of minority residents. A LMI map is in the Appendix of the AP hard copy.

The City typically supports programs that benefit low- and moderate-income households or specific populations such as senior citizens, disabled persons and minorities. Although some programs support the needs of these populations throughout the city, many activities are targeted to neighborhoods that have a concentration of low- and moderate-income households. When prioritizing activities, the City pays special attention to those low- and moderate-income neighborhoods where the greatest needs have been identified and whose public facilities and infrastructure are in the worst condition. In addition, the City also undertakes improvements in the Downtown Renewal Area, which was established as a Slum/Blight Area (November, 2013).

The City has undertaken planning for several areas, including the Point Neighborhood, North River Canal Corridor, Derby Street Corridor, Highland Avenue, and Bridge Street Neck, identifying needed infrastructure and public realm improvements to support neighborhood businesses and residents. Recognizing aging infrastructure throughout Salem that is in need of replacement or improvement, the City has identified and is planning or implementing numerous capital projects – especially roadway and complete streets, water/sewer, and drainage improvements that are needed to support business investment in the Downtown, the Point Neighborhood, as well as the city's Entrance Corridors and beyond.

In accordance with CDBG regulations, the City can undertake activities such as street, sidewalk and playground improvements in the low- and moderate-income neighborhoods or in neighborhoods meeting the definition of "slum/blight". However, recognizing that needs are not solely located in distressed neighborhoods, the City also offers programs that may be accessed by people living outside

these areas. For example, the Housing Rehabilitation Loan Program and First-Time Homebuyer Downpayment Assistance Loan Program are offered city-wide to allow any low- to moderate-income household to take advantage of their availability. The City's small business loan programs are available to any business that meets certain eligibility requirements or agrees to create or retain jobs available to LMI persons.

Geographic Distribution

Target Area	Percentage of Funds
LMI Areas	44%
Downtown	6%
City-wide	50%

Table 6 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The City uses its programs and gives consideration to projects, which are in high poverty or minority concentration areas, or which target low and very low income households or individuals with disabilities, in order to better meet underserved needs. At the same time, the City endeavors to diffuse concentrations of poverty by providing services and support where needed throughout the city.

While the City's CDBG program identifies low-mod and target areas within the City, projects are selected to address identified priority needs rather than allocated to a particular neighborhood. In Year 2 of the Consolidated Plan, CDBG funds are targeted to address City-wide needs of affordable housing, to support economic development efforts, and to provide needed social services, as well as infrastructure and public facilities improvements that are in neighborhoods with concentrations of low and moderate income households or that support vulnerable populations.

Discussion

In accordance with CDBG regulations, the City can undertake specific activities, such as street, sidewalk and playground improvements in the low- and moderate-income neighborhoods or in neighborhoods meeting the definition of "slum/blight." However, recognizing that needs are not solely located in distressed neighborhoods, the City also offers programs that may be accessed by people living outside these areas. For example, the *Housing Rehabilitation Loan Program and First-Time Homebuyer Downpayment Assistance Loan Program* are offered citywide to allow any low- to moderate-income household to take advantage of their availability. The City's small business loan programs are available to any business that meets certain eligibility requirements or agrees to create or retain jobs available to LMI persons.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

Throughout the 5 Year Consolidated Plan process of gathering input through public meetings and through interviews with service providers, business associations, and housing professionals during the 5-Year Consolidated Plan process, the City did not find that its housing policies create impediments to fair housing. Compared to other cities and towns within the region, Salem offers a greater diversity of housing, and a higher proportion of affordable housing overall, having exceeded the State's 10% affordable housing goal. Nonetheless, several factors contribute to the difficulty of increasing the availability of affordable housing, including a shortage of land, environmental conditions, constraints on development finance, and the lack of regulatory tools to require affordable housing in new developments. Like other communities, Salem is not in control of all of these barriers.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City has hired a consultant to prepare a housing production plan. A housing production plan is a state-recognized planning tool that establishes a strategic plan for affordable housing production and goals. The plan will include a detailed analysis of development constraints including public infrastructure capacity, environmental constraints, protected open space and historic resources, and regulatory barriers. It will also provide recommendations for policies, programs, and initiatives to address local housing needs and recommendations for zoning strategies, potential municipal and private development or redevelopment sites, and ways to further participate in regional collaborations. The plan will be complete in the spring of 2022.

The City plans to remove or ameliorate the negative effects of land use policies. For example, The City recently revised an accessory dwelling unit (ADU) ordinance to remove tenant restrictions and all ADUs as of right. The rents of the accessory units created through the revised ordinance cannot exceed 70% of the fair market rate set by HUD. These units help to generate rental income to help homeowners cover mortgage payments or make ends meet.

The City of Salem's Affordable Housing Trust Fund Board is working on a land disposition ordinance that will prioritize affordable housing when the City is considering the disposition or surplus land. The city is also proposing a condominium conversion ordinance to provide protection to tenants when their apartments are proposed to be converted into condominiums.

Discussion

There are regulatory barriers that prevent the full realization of Salem's vision for housing growth. Among these barriers are regulations relating to parking requirements and dimensional requirements. The housing production plan will identify strategies to remove these barriers and identify opportunities

to make changes that would reduce barriers to housing production while also protecting neighborhood character.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

Salem has undertaken numerous planning initiatives within the past five years to identify needs for affordable housing, economic development, transportation, public facilities, and revitalization of distressed neighborhoods, and to identify actions to meet these needs. The City plans to continue implementation of several of the actions to reduce barriers to housing production. For example:

- In 2020, the City completed a Housing Needs Assessment to understand current and future housing needs.
- In 2021, the City of Salem hired a consultant and commenced a Housing Production Planning process. The housing production plan will identify goals and strategies to expand affordable housing options.
- In 2019, the City collaborated with Salem State University and the state Division of Capital Asset Management and Maintenance on a community visioning process to develop reuse concepts of the University's South Campus property (approximately 22 acres of land and buildings). Redevelopment of the site with affordable housing was identified as a top priority. In February of 2022 DCAMM released a RFP for the redevelopment of the site.
- In 2019, the City adopted an expansion of the Housing Development Incentive Program (HDIP) throughout the city. HDIP is a tax exemption tool that the City will continue to use to increase the feasibility of affordable development projects by providing a tax exemption to overcome financial barriers of creating affordable housing.
- In 2022 the City will consider the Urban Center Housing Tax Increment Financing as a tool to support affordable housing.
- The City adopted zoning that allows adaptive reuse of former municipal and religious buildings into housing. Since the ordinance was adopted, two 100% affordable development projects have been approved and a third development project will be submitted in 2021.

Actions planned to address obstacles to meeting underserved needs

The Five Year Consolidated Plan outlines several barriers to housing affordability and actions for reducing the impacts of poverty in Salem including: displacement of renters, the cost of permitting/developing land with environmental constraints, the lack of regulatory tools to require/encourage affordable housing in new developments, the lack of resources to finance affordable housing development, a mismatch between local wages and housing costs, limited availability of public transit, and local government's dependence on property tax to finance City services. While not in control of all of these barriers, and often constrained by financial resources and legal requirements, Salem has nevertheless identified several strategies to address obstacles to meet underserved needs.

- In 2017, the City undertook a vision plan, Imagine Salem, which entailed an extensive bilingual public process (English and Spanish) which established goals and guiding principles for housing, employment, transportation, and community life. The City will continue to monitor the housing, employment, transportation and community life goals through measurable outcomes and make policy changes as deemed necessary to address obstacles of underserved needs.
- The Salem Community Food Assessment (2018) identified gaps in Salem's food delivery system impacting low and moderate income residents, including infrastructure and transportation barriers, as well as strategies for improving access to markets and nutritional programs. The City plans to continue to support programs that address said barriers.
- In 2021, the City commenced a housing production planning process. The housing production plan will address obstacles and identify strategies to meet underserved needs.
- Salem's rental housing is vulnerable to conversion into ownership units given not just its tenure but also its age and scale, protections for renters displaced by conversions is an underserved need. To that end the City is working on a condominium conversion ordinance that will provide protections to tenants of rental housing when a property owner proposes to convert units to condominium or cooperative ownership.
- The City provides financial support to rental assistance programs managed by the Salem Housing Authority and the North Shore Community Action Programs to maintain Salem households that are at risk of displacement.

Salem continues to identify funding opportunities and coordinate partnerships to implement strategies identified in the planning initiatives described above.

Actions planned to foster and maintain affordable housing

The following summarizes Salem's strategy to foster new housing production and preserving the existing housing stock. The key components are:

- Producing New Housing Units - Working with nonprofit developers or the Salem Housing Authority, Salem will support the creation of affordable housing units through the conversion of underutilized buildings and parcels, often assisted with Salem's CDBG, HOME and/or CPA funds.
- The City of Salem Planning Board will continue to implement their policy that requires 10 percent of new housing to be set aside as affordable to households that earn 60 percent of the AMI or less.
- Preserving Existing Affordable Units - Salem has several private rental developments with affordable units utilizing subsidies that will expire after a period of time. The city continues to negotiate the extension of affordability for expiring subsidized units.
- Raising Local Revenue to Address Housing Needs - In 2012 the City passed the Community Preservation Act, which raises funds through a surcharge on property tax bills. CPA requires a minimum spending (or reserve) of 10% of the annual budget on community housing projects.
- Improving Public Housing - The Salem Housing Authority (SHA) owns and manages a portfolio of 715 units of public housing for low income elderly, family, and handicapped residents scattered across the city. Funding to preserve and maintain these properties is provided by DHCD and HUD.
- Providing Rental Assistance - SHA also administers 1,335 Section 8 vouchers. In addition, there are people residing in Salem with vouchers administered by other housing authorities and

organizations in the region.

- Providing First-Time Homebuyers Assistance - The City provides families with the opportunity to own their first home through the *First-Time Homebuyer Downpayment Assistance Loan Program*. The program offers an additional \$1,000 for homeowners who complete Homebuyer Counseling. DPCD staff also provide assistance to coordinate other resources for homebuyers, including programs offered by Massachusetts Housing Partnership and MassHousing.
- Rehabilitation of Existing Housing - While older homes are integral to Salem's history and neighborhood fabric, they require a great deal of maintenance and may not meet current building codes. In response, the City administers a *Housing Rehabilitation Loan Program* to provide low-interest loans to owners of single and multi-family properties to address health and safety issues. The program was expanded to investor-owners with low- to moderate-income tenants to maintain affordable, quality rental properties and to discourage the conversion of affordable rental units into condominiums. Homeowners are also referred to NSCAP's weatherization program for energy-efficiency work before utilizing Salem's loan program, thereby reducing the homeowner's loan burden. In addition, the City offers deleading assistance for homeowners with a lead poisoned child through MassHousing's *Get the Lead Out Program*, which can be combined with the City's *Housing Rehabilitation Loan Program*.
- Working Regionally to Increase the Supply of Housing - As the housing market is not confined to city boundaries, ongoing multi-jurisdiction cooperation is needed to address the region's lack of affordable housing. No one city or town can, or should, bear the responsibility of providing all of the region's affordable units. Salem is committed to working with its partners in the North Shore HOME Consortium and with the region's mayors to encourage the development of housing throughout the area in an effort to increase the supply of housing for all.

Actions planned to reduce lead-based paint hazards

The Salem Board of Health provides information regarding the proper disclosure of lead paint and lead hazards to property owners renting residential housing units. As necessary, the Board of Health will also notify area realtors of new or amended regulations regarding lead-based paint. In Salem, a property owner is required to obtain a Certificate of Fitness inspection when an apartment becomes vacant. These inspections are conducted to ensure compliance with the State Sanitary Code for Housing. Board of Health personnel are licensed Lead Paint Determinators. Should the Board receive a call from an occupant who is concerned that there may be lead-based paint in their apartment, potentially affecting their child(ren) under the age of six (6), a Board of Health Sanitarian is able to conduct a Lead Determination. If a lead paint hazard(s) is detected during the determination, an order to correct that hazard(s) is sent to the property owner. The order requires the property owner to bring the property into compliance with the State Lead Law. The Board ensures compliance with the order and, if necessary, will begin legal proceedings against the property owner to gain compliance. The results of all lead determinations are reported to the MA Childhood Lead Poisoning Prevention Program. Residents who have questions about lead-based paint and the MA Lead Law can contact the Salem Board of Health.

In cooperation with the Commonwealth of Massachusetts and other municipal departments, the City of Salem, through its DPCD, works to decrease the number of housing units containing lead-based paint hazards. The City actively works to reduce lead-paint hazards in pre-1978 housing occupied by lower-

income households through the City of Salem's *Housing Rehabilitation Loan Program*. Through the Salem *Housing Rehabilitation Loan* and *Get the Lead Out Programs*, the City provides loan funds for qualified applicants for lead testing, hazard reduction and abatement activities, and temporary relocation reimbursements. Lead-based paint hazard control measures are consistent with the federal Title X requirements and State lead based paint regulations. MassHousing's *Get the Lead Out Program* is also available to homeowners of 1-4 family properties, as well as for non-profits and for investor-owners that rent to income-eligible households.

Finally, all participants in the *First-Time Homebuyer Downpayment Assistance Loan Program* are given a copy of the EPA brochure "Protecting Your Family from Lead in Your Home."

Actions planned to reduce the number of poverty-level families

Salem uses CDBG and other funds to pursue an anti-poverty strategy carried out by the City and a variety of social service subrecipients. The strategy consists of four components: education, job training, affordable housing and social services.

Education

An adequate school system is crucial to reducing poverty in future generations. The City has used state funding to renovate and improve its educational facilities and provide school-age children with an environment conducive to learning. A Strategic Plan completed in 2017 outlines a framework for ensuring access to high quality education for all students. The school choice program gives residents more choices about the school they want their children to attend, and offers education focused specific skills, such as science and technology and communication and community service. Salem's Parent Information Center coordinates the school choice program designed to improve racial balance within the school systems, and provides information about adult education programs designed to help low-income families.

The City will continue to support various educational programs for youth, adults, and the Spanish-speaking population with CDBG funds, including Salem Public Schools (for student home visits by teachers and after-school enrichment programs), and programs administered by non-profit agencies such as the Aspire Developmental Services, Inc., LEAP for Education, the Boys and Girls Club, North Shore Community Development Coalition, and VOCES.

Job Training and Employment Resources

Salem collaborates with numerous job training, and workforce development programs in the region such as The North Shore Career Center, the North Shore Workforce Board, and the North Shore CDC. The City will continue to use CDBG funds to support ELL, GED and citizenship classes, job training and employment assistance programs and to support small business with technical assistance and loan programs.

Affordable Housing

Providing adequate, affordable housing for low- and moderate-income residents is critical to the success of an anti-poverty strategy. The City, and its partner agencies such as the Salem Housing Authority, are committed to providing safe, appropriate, and affordable housing opportunities to very-low, and low- and moderate-income family, elderly, and disabled households. Salem will continue to use its CDBG and HOME funds to provide FTHB and housing rehabilitation programs, rental assistance, homeless prevention, and to provide assistance to housing development organizations to create additional affordable housing units. The City's established partnerships with agencies such as the NSCAP, the North Shore HOME Consortium and the North Shore Community Development Coalition also increase its success at bringing affordable housing and related services to lower income residents.

Social Services

Through a competitive funding round, the City of Salem uses CDBG funds to support 20-25 non-profit social service programs annually. These organizations provide services to help families meet the costs of living, promote family self-sufficiency, serve special populations and/or provide crisis intervention assistance – programs seeking to break the cycle of poverty. CDBG funds support several programs which indirectly assist with housing in many ways such as increased pay (i.e. job training, ESL programs) and decreased monthly expenditures (i.e. child care, food programs) so households can better afford rent or mortgages. There are also many non-CDBG funded programs available to Salem residents to help households overcome various obstacles to self-sufficiency.

Actions planned to develop institutional structure

The Department of Planning and Community Development (DPCD) administers the City of Salem Community Development Program funded with CDBG, as well as the formula funding received by the North Shore HOME Consortium for which the City of Peabody is the lead agency. Under the direction of the Director of Planning and Community Development, the Assistant Community Development Director manages and monitors Salem's community development programs. Salem's housing programs are administered by the DPCD Housing Coordinator under the direction of the Director of Planning and Community Development. Policy efforts to preserve existing affordable housing units and to increase the supply of affordable units is overseen by a Senior Planner. In addition, local non-profit agencies, CHDOs and CDCs administer certain housing activities. Many housing activities leverage funds through private lender financing.

City departments undertake certain CDBG-funded activities, such as the tree planting program, stormwater management improvements, sidewalk replacement, street paving and curbcut installation. These departments may subcontract work under public bidding procedures and provide requests for reimbursement and any required documentation (i.e., prevailing wage documentation) to the DPCD.

Each year the City of Salem issues a Request for Proposals to nonprofit organizations that offer social service, housing or economic development programs. CDBG funds are awarded to organizations that demonstrate programmatic needs and the capacity to administer the proposed program. The City's Assistant Community Development Director coordinates the management of the public service and housing subcontracts and the Economic Development Planner coordinates the management of the

economic development subcontracts.

In general, DPCD staff carries out the remaining activities, including the hiring of consultants or other private businesses through established municipal purchasing procedures.

The City's auditing firm audits Salem's CDBG program delivery system annually. In addition, HUD staff conducts periodic reviews and monitorings. The City promptly implements recommendations arising as a result of these reviews. The DPCD continuously works to improve upon its methods and procedures for the administration of its programs.

Actions planned to enhance coordination between public and private housing and social service agencies

The DPCD leads Salem H.O.P.E. (Human Organization Partnership Effort), a networking group of human service agencies that serves Salem residents. Salem H.O.P.E. provides an opportunity for agencies to learn about the services being provided by other agencies in order to fill in gaps, coordinate efforts and avoid duplication of services. Prior to the pandemic all human service agencies were invited to attend the quarterly Salem H.O.P.E. breakfast meetings held at rotating agency locations. Through this program, agency representatives (re-)introduced to each other and exchange information, announcements and updates. Since the COVID-19 pandemic, Salem HOPE does not meet. However, remaining active is the Salem HOPE distribution list for agencies to share virtual events, programs, job opportunities and other information.

This Page is intentionally left blank.

Program Specific Requirements

AP-90 Program Specific Requirements - 91.420, 91.220(l)(1,2,4)

Introduction

Salem consistently meets all timeliness requirements, and program expenditures are consistent with its Five-Year Consolidated Plan and annual Action Plan goals. Funds drawn down are always used within the year they are received; no program income is carried over.

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(l)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	70.00%

Discussion

This AP covers July 1, 2022-June 30, 2023 (Salem FY23, using HUD 2022 funds). We estimate receiving \$125,000 in program income during this program year. All program income received in FY23 will be reported and spent under FY23. We do not have any lump sum drawdown agreements, nor reimbursements other than program income, made to the local account, expected to be available during FY23.

Salem intends to spend at least 70% of CDBG funds to benefit persons of low and moderate income in FY23. The City of Salem primarily funds activities that serve low- to moderate-income households (limited clientele) or activities within majority low- to moderate-income neighborhoods, typically reaching a percentage of 82% or higher.

With regard to urgent needs due to infectious disease or Federal/State/Local declared disasters, CDBG funds may be reprogrammed to activities to address those needs, including housing, infrastructure, public facilities, assistance to affected businesses, public services or planning, capacity building or technical assistance. Such changes may include a modification in purpose, scope, location or beneficiaries of activities.

ASSURANCES - CONSTRUCTION PROGRAMS

OMB Number: 4040-0009
Expiration Date: 02/28/2025

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0042), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the Awarding Agency. Further, certain Federal assistance awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, the right to examine all records, books, papers, or documents related to the assistance; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will not dispose of, modify the use of, or change the terms of the real property title or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure non-discrimination during the useful life of the project.
4. Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.
5. Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progressive reports and such other information as may be required by the assistance awarding agency or State.
6. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
7. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
8. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards of merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
9. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
10. Will comply with all Federal statutes relating to non-discrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681 1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

11. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal and federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
12. Will comply with the provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
13. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333) regarding labor standards for federally-assisted construction subagreements.
14. Will comply with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
15. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
16. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
17. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq).
18. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
19. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
20. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

SIGNATURE OF AUTHORIZED CERTIFYING OFFICIAL 	TITLE Mayor
APPLICANT ORGANIZATION City of Salem, MA	DATE SUBMITTED

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2022 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing --The jurisdiction will affirmatively further fair housing.

Uniform Relocation Act and Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funding under the Community Development Block Grant or HOME programs.

Anti-Lobbying --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan --The housing activities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the jurisdiction's consolidated plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 135.

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If it plans to provide tenant-based rental assistance, the tenant-based rental assistance is an essential element of its consolidated plan.

Eligible Activities and Costs -- It is using and will use HOME funds for eligible activities and costs, as described in 24 CFR §§92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in §92.214.

Subsidy layering -- Before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

Citizens Participation Comments

Public participation comments are provided in AP-12 and attached hereto:

- North Shore CDC, dated January 21, 2022
- North Shore Consortium Staff, dated April 5, 2022

January 21, 2022

Jane A. Guy
Assistant Community Development Director
City of Salem
Department of Planning & Community Development
120 Washington St., 3rd Floor
Salem, MA 01970

Dear Ms. Guy,

On behalf of North Shore Community Development Coalition ("NSCDC"), we appreciate the opportunity to provide public comment for the use of Community Development Block Grant funding by the City of Salem. We want to commend the City of Salem and its Planning Department for managing the Community Development Block Grant (CDBG) and the Home Investment Partnerships Program (HOME) funds. Please accept this comment letter to be considered for decisions related to the funds the City of Salem is anticipating it will receive for Fiscal Year 2023 (7/1/22-6/30/23). Thank you all for your efforts to ensure these funds are allocated in an equitable manner and best position Salem residents for success.

NSCDC was founded in the Point neighborhood in 1978. Today, we own and operate 428 affordable homes on the North Shore, 262 of which are in Salem. We are the primary developer of affordable housing in Salem, with 46 affordable homes under construction, 63 more permitted, 47 in permitting and more in the early planning stages. In addition to providing housing, NSCDC provides an academic and workforce training opportunity to 32 out-of-school young people per year in our nationally-renowned YouthBuild chapter. In 2017, we launched the award-winning Punto Urban Art Museum (PUAM), a public art experience designed to celebrate the Point's rich immigrant history and break down barriers between the Point and the rest of Salem. Underlying all of our work is our Community Engagement team, who support low-income residents directly with life coaching, financial coaching and benefit maximization, complimenting their work in voter education and protection, affordable housing advocacy and leadership in a steady stream of community-driven planning activities, often in partnership with the City and the Point neighborhood association.

North Shore Community Development Coalition invests in
neighborhoods to create thriving communities.

Our residents and clients are your neighbors, friends, and loved ones. It is our strong belief that these funds should be prioritized for projects and programs which will have the greatest impact on low-income Salem residents who have been disproportionately impacted by the COVID-19 pandemic. Low-wage workers have been on the front lines of this public health crisis ensuring our food and groceries are delivered, our health care facilities are open, and our transportation services remain active. Even before the pandemic, low-income people had lesser access to family support, savings and faced greater economic barriers than many of us. During the pandemic, low-income people were disproportionately forced to put themselves and their families in harm's way in order to feed and clothe their families. Federal funds should be spent to support projects which most benefit the low-income people in our community.

As stated in the City of Salem's five-year Consolidated Plan, the City receives federal funds for housing and community development activities. These funds are used to undertake community and economic development projects and housing programs that assist very-low, low- and moderate-income families and neighborhoods.

A significant portion of Salem's CDBG funding supports Economic Development and Neighborhood Improvement activities that primarily enrich and benefit Salem's downtown area – an area not identified as very low or low income. While these are valuable and important programs with demonstrated success in improving Salem's economy, we feel they should be funded through a source that doesn't take away from investing in programming that directly benefits very low income neighborhoods and low income small business owners, such as those in the Point.

Programming and activities like NSCDC's Small Business Technical Assistance Program for immigrant entrepreneurs is a prime example of an investment opportunity that would directly benefit low income neighborhoods and residents of these neighborhoods. The CDBG FY23 guidelines emphasize the importance of hiring/retaining at least one full-time staff person. We wish to highlight the challenge that small business owners in the Point face, which is that for many the owner is the primary employee and they are not able to, nor maybe interested in, hiring additional staff. This is a particular barrier for a solo entrepreneur or micro enterprise, which is the most common form of business in the Point. The focus of these businesses is to stay operational, especially during the crisis they have faced over the past two years. This requirement of adding staff is not aligned with the realities of the small business owners who are most in need of assistance. Preventing the counting of the owner as new/retained staff will add a barrier to engagement in NSCDC programming funded by CDBG.

CDBG funding is meant to foster growth and development in low-income tracts, and, therefore, should not fund programs outside of said low-income tracts. In distributing these funds, we urge the city to prioritize 100% of the funds with a direct link to support the needs of low income people.

In these times, we feel that the city should focus these somewhat discretionary funds on blighted areas in need of federal assistance. Downtown Salem is thriving and not the appropriate, or federally mandated, use for CDBG funding.

Thank you for the opportunity to voice our comments. We look forward to continued engagement in this process to ensure successful programming and outcomes for the CDBG FY23 plan.

Sincerely,

A handwritten signature in black ink, appearing to read "Mickey Northcutt", is written over a light gray rectangular background.

Mickey Northcutt

Subject: Notice of Comment Period, Public Hearing and Availability of FY23 Action Plan

Caution: This email originated from outside our system. Please do not click links or open attachments unless you recognize the sender and know the content is safe.

Hi, Jane –

Looked at the DRAFT FY-23 Action Plan that you distributed last week, and found some things that ought to be updated.

I believe that we send you these things some time ago but that does not suggest that you get a chance to read them, or would remember them.

The action plan makes references to things on pages 6 and 7 which are not accurate. The North Shore Continuum of Care [MA-510] has essentially gone out of business in February of last year (2021). All of our emergency shelter providers were faced with some unanticipated expenses where shelter providers would be required to pay for the (HUD-mandated) "Homeless Management Information System" [HMIS] at a cost which was unknown but estimated to be in excess of \$125,000 per year, each year – but possibly a lower amount after the first year – they voted to merge into the larger "Balance of State Continuum of Care" [MA-516].

By doing that, all of our North Shore folks had access to the state HMIS at no cost. Our offices' involvement in preparing the annual application for CofC funding – typically about \$2.2M per year – was transferred to the BofS. Their annual budget is well in excess of \$20M per year; this current grant year slightly larger. DHCD manages that process; they have hired additional staff to take this on. There are now (I think) five people at DHCD doing this work. Our work covered the Consortium's thirty member communities and a little more. The BofS service area covers over 120 communities. All of those meetings are no longer in-person meetings but conducted entirely on-line. I have continued to attend (it's only about one hour per month for me instead of ten hours per week), but I don't think that anyone from Salem or from Lifebridge participates.

Just want you to be aware of those changes, from over a year ago.

Your description of the support received from the North Shore CofC indicated that the opening of the Day Center in the former church was funded by the CofC. None of that was funded through the CofC; I believe that Jason received funding from other sources including charitable contributions.

Later, the description of how NSCAP and HAWC are funded through the North Shore CofC is also not accurate. NSCAP had stopped receiving CofC funding several years ago. I think that HAWC has never received any CofC funds, but had been supported by the Consortium for an extended period using HOME funds. Of course, it is true that HAWC provides a range of services to survivors of domestic violence. Right now, no CofC or HOME funds are used.

Lastly, I see that there is a statement that no community or agency within Salem's jurisdiction receives a direct award of ESG funds. It is my understanding that Lifebridge receives ESG

funds every year, however those funds may be through the Commonwealth of Massachusetts (so, indirect).

So, thinking you may want to re-word some of that. Let me know if you think I can help, or explain any part of it further?
